MOTIONS, ORDINANCES AND RESOLUTIONS.

Alderman Meyers asked and obtained unanimous consent to introduce the following:

No. 625.

Whereas, An appalling catastrophe has fallen upon the city of San Francisco, the western gate of the republic, and the desolation and distress of her people have touched the hearts of the whole world and caused an outpouring of gifts from rich and poor in token of sympathy; and

Whereas, The citizens of San Francisco instead of being overwhelmed by their great misfortunes have set their faces resolutely and hopefully toward the future and have so displayed the indomitable American spirit as to rouse the admiration and pride of every American citizen, be it

Resolved, That the Board of Aldermen, on behalf of the people of The City of New York, give expression to their heartfelt sympathy with the people of San Francisco and their profound sorrow for the loss of life, destruction of property and widespread suffering caused by earthquake and fire; and

Resolved, That as the cordial good will and earnest encouragement of the American people go out to San Francisco in the work of restoration and up-building, New York, the city of the eastern gate, will welcome the creation of a new metropolis of the Pacific Coast of greater beauty, power and wealth than the San Francisco of old; be it further

Resolved, That a copy of these resolutions, suitably engrossed and authenticated by the signatures of the Mayor and the City Clerk, be transmitted to the Mayor of San Francisco.

Which resolutions were unanimously adopted by a rising vote.

PETITIONS AND COMMUNICATIONS.

No. 626.

Associated Building Trades of New York City and Vicinity,
Nos. 145 and 147 East Fifty-third Street,
New York City, April 10, 1906.

Mr. JOSEPH SCHLOSS, Public Buildings and Markets, Board of Aldermen, New York:

To Whom it May Concern—

The following complaints have been filed in this office to-day, viz.: Uniformed members of the Fire Department doing mechanics' work on the following jobs known as painting:

Fire-boat "David A. Boody," foot of North Eighth street, Brooklyn.

Engine House 35, No. 223 East One Hundred and Nineteenth street, City.

Engine House 36, No. 1849 Park avenue, City.

Hook and Ladder House 21, No. 432 West Thirty-sixth street, City.

Hook and Ladder House 23, No. 504 West One Hundred and Fourth street, City.

Trusting that the matter will be looked into, and this work for which appropriations are made for given out to mechanics who have to work by the day for a living, and not be done by members of the uniformed force who are being paid a salary for other duty, we remain,

Sincerely yours,

BOARD OF BUSINESS REPRESENTATIVES OF THE
ASSOCIATED BUILDING TRADES,
R. D. Tompkins, Secretary.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The Vice-Chairman laid before the Board the following communications from the Board of Estimate and Apportionment, transmitting resolutions:

No. 628.
 Board of Estimate and Apportionment, City of New York,
 Financial Branch, No. 280 Broadway,
 April 21, 1906.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment April 20, 1906, approving of the establishment of an additional grade of the position of Automobile Engineman for one incumbent, in the office of the President of the Borough of Brooklyn, and recommending the fixing of the salary at the rate of \$1,200 per annum, together with report of the Committee on Salaries and Offices of the Board of Aldermen, recommending the amendment of the resolution adopted by the Board of Estimate April 6, to provide for one incumbent for the position.

I also enclose form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,
 JOSEPH HAAG, Secretary.

Whereas, The Board of Estimate and Apportionment at a meeting held April 20, 1906, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Automobile Engineman for one incumbent in the office of the President of the Borough of Brooklyn, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade for one incumbent be fixed at the rate of twelve hundred dollars (\$1,200) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of an additional grade of the position of Automobile Engineman for one incumbent in the office of the President of the Borough of Brooklyn at the rate of twelve hundred dollars (\$1,200) per annum.

The Committee on Salaries and Offices, to whom was referred on April 10, 1906 (Minutes, page 100), the annexed resolution in favor of fixing salary of additional grade, position of Automobile Engineman in the office of President, Borough of Brooklyn, at \$1,200 per annum, respectfully

REPORTS:

President Coler appeared before the Committee and stated that if this grade is established it is his intention to promote to it a man who has now been in the Department for about two years, receiving \$3 per day. He states that this employee is not only a competent chauffeur, but is an expert mechanic, and by his ability in that line reduces the cost of maintenance and repairs. The Borough President stated his willingness to have the grade limited to one incumbent, and your Committee recommends the return of the resolution to the Board of Estimate and Apportionment under the following resolution:

Resolved, That the Board of Aldermen hereby returns to the Board of Estimate and Apportionment the following resolution, being No. 541, with the request that the resolution be amended by fixing the number of Automobile Enginemen to be employed in this grade.

Whereas, The Board of Estimate and Apportionment, at a meeting held April 6, 1906, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Automobile Engineman in the office of the President of the Borough of Brooklyn, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of twelve hundred dollars (\$1,200) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the additional grade of the position of Automobile Engineman in the office of the President of the Borough of Brooklyn, at the rate of twelve hundred dollars (\$1,200) per annum.

 Board of Estimate and Apportionment, City of New York,
 Financial Branch, No. 280 Broadway,
 April 21, 1906.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment April 20, 1906, approving of the establishment of an additional grade of the position of Section Foreman, for one incumbent, in the Bureau of Street Cleaning, under the jurisdiction of the President of the Borough of Queens, and recommending the fixing of the salary at the rate of \$1,500 per annum, together with report of the Committee on Salaries and Offices, Board of Aldermen, recommending the amendment to the resolution of the Board of Estimate adopted February 16, to provide for one incumbent for the position.

I also inclose form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,
 JOSEPH HAAG, Secretary.

Whereas, The Board of Estimate and Apportionment at a meeting held April 20, 1906, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Section Foreman, for one incumbent, in the Bureau of Street Cleaning, under the jurisdiction of the President of the Borough of Queens, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade for one incumbent be fixed at the rate of fifteen hundred dollars (\$1,500) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of an additional grade of the position of Section Foreman, for one incumbent, in the Bureau of Street Cleaning, under the jurisdiction of the President of the Borough of Queens, at the rate of fifteen hundred dollars (\$1,500) per annum.

The Committee on Salaries and Offices, to whom was referred, on February 20, 1906 (Minutes, page 811), the annexed resolution in favor of fixing salary of additional grade of position of Section Foreman in the Bureau of Street Cleaning, under the President of the Borough of Queens, at \$1,500 per annum, respectfully

REPORTS:

President Bermel appeared before the Committee and explained that it is the intention to promote a Section Foreman who now receives \$1,200 to the new grade of \$1,500. In accordance with the rule proposed by this Committee, and approved by the Board of Aldermen, the resolution should be returned to the Board of Estimate and Apportionment for amendment in respect to the number in the grade. The Committee, therefore, recommends the adoption of the following resolution:

Resolved, That the Board of Aldermen hereby returns to the Board of Estimate and Apportionment the following resolution, being number 307, with the request that the resolution be amended by providing for a grade of one.

Whereas, The Board of Estimate and Apportionment at a meeting held February 16, 1906, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Section Foreman in the Bureau of Street Cleaning, under the jurisdiction of the President of the Borough of Queens, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of fifteen hundred dollars (\$1,500) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of an additional grade of the position of Section Foreman in the Bureau of Street Cleaning, under the jurisdiction of the President of the Borough of Queens, at the rate of fifteen hundred dollars (\$1,500) per annum.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of resolution adopted by the Board of Estimate and Apportionment April 20, 1906, approving of the establishment of an additional grade of the position of one Stenographer in the office of the Board of Assessors, and recommending that the salary of said additional grade be fixed at the rate of \$1,500 per annum, together with copies of communication from the Board of Assessors and report of the Investigations Division, Department of Finance, approved by the Select Committee, consisting of the Comptroller and the President of the Board of Aldermen, to whom this matter was referred at the meeting of March 16, 1906, relative thereto.

I also enclose form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,
 JOSEPH HAAG, Secretary.

March 9, 1906.

To the Board of Estimate and Apportionment:

Gentlemen—At the present time there is but one Stenographer employed by this Board, and the work has grown to such an extent that he is unable to take care of it. We therefore respectfully request the Board of Estimate and Apportionment to authorize the employment of an additional Stenographer at \$1,500 per annum.

The regular work of the office, in so far as it relates to the laying of the assessments for local improvements throughout the five boroughs of the City, the meetings of the Board to consider such assessments, the handling of objections thereto, the filing of papers and correspondence, is quite sufficient to employ the whole time of a Stenographer. There is, however, another and distinct branch of the work of this Board that has been added bodily within the last year or so, that is, the consideration and determination of claims for damages alleged to have been caused by the construction of various bridge approaches and other structures throughout the City, jurisdiction as to which has been, by numerous statutes, conferred upon this Board. In these matters hundreds of claims have been filed, and regular hearings are had thereon, at which attorneys appear for the claimants and an Assistant Corporation Counsel appears in behalf of the City. Many papers are filed in connection with these proceedings and much testimony is taken. This work, in itself, is sufficient to employ the time of the present stenographer, who was appointed from the Court Reporter's list, and who is qualified to take the testimony.

The Board finds itself seriously handicapped in this respect, and the work of the office is gradually falling behind on that account. Under these circumstances the Board feels that it is justified in asking for this additional employee.

Respectfully,
 (Signed) ANTONIO ZUCCA,
 PAUL WEIMANN,
 JAMES H. KENNEDY,
 Board of Assessors.

April 16, 1906.

Hon. HERMAN A. METZ, Comptroller:

Sir—In regard to the application of the Board of Assessors requesting the Board of Estimate and Apportionment to authorize the employment by said Board of Assessors of an additional Stenographer at a salary of \$1,500 per annum, referred to this Division for examination, I beg to report as follows:

It is stated by the Assessors, and also by Mr. Jasper, Secretary to the Board, that the regular work of the office, relating to the laying of assessments for local improvements throughout the five boroughs of the City, to meetings held for the consideration of such assessments, and of objections thereto, and to the filing of papers and correspondence, is amply sufficient to employ the whole time of one Stenographer.

It is further stated that there is also another and distinct branch of work which the Board has been more or less recently called upon to perform, and which includes the consideration and determination of claims for damages alleged to have been caused by the construction of various bridge approaches and other structures throughout the City; that there are hundreds of such claims now pending before the Board, and that the hearings given to their consideration will involve the taking and writing out of so much testimony as to occupy the entire time of the one Stenographer now employed by the Board. This Stenographer is said to be very competent, and is paid \$2,250 per annum. It is the desire of the Board that he shall give his time and attention to these latter claims, and that an additional Stenographer at a salary of \$1,500 per annum be employed in the work incident to ordinary hearings.

The Assessors and the Secretary unite in saying that the office is seriously handicapped at present, and gradually falling behind in its work on account of the need of another Stenographer.

I have no reason to doubt the statements made as to the need for the services of another Stenographer, and would recommend that the request be granted, and that the salary be fixed at \$1,500 per annum.

Respectfully,
 (Signed) CHARLES S. HERVEY,
 Auditor of Accounts, Investigations Division.

Approved:
 H. A. Metz, Comptroller.
 P. F. McGowan, President, Board of Aldermen.

Whereas, The Board of Estimate and Apportionment, at a meeting held April 20, 1906, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of one Stenographer in the office of the Board of Assessors, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of fifteen hundred dollars (\$1,500) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution, and fixes the salary of an additional grade for one position of Stenographer in the office of the Board of Assessors at the rate of fifteen hundred dollars (\$1,500) per annum.

No. 631.
 Board of Estimate and Apportionment, City of New York,
 Financial Branch, No. 280 Broadway,
 April 21, 1906.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of resolution adopted by the Board of Estimate and Apportionment April 20, 1906, rescinding resolution adopted December 22, 1905, and adopting in lieu thereof a resolution approving of the establishment of an additional grade for one position of Veterinarian in the Department of Finance, and recommending that the salary of such additional grade be fixed at the rate of

\$1,800 per annum, together with copy of communication from the Comptroller relative thereto.

I also inclose form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours, JOSEPH HAAG, Secretary.

April 16, 1906.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

Dear Sir—Under date of December 22, 1905, the Board of Estimate and Apportionment adopted a resolution fixing the salary of an additional grade for the position of Veterinarian in the Department of Finance at \$1,800 per annum, but the Board of Aldermen for the year 1905 failed to take any action thereon, thus necessitating at the present time merely a recertification of the said resolution to the existing Board of Aldermen for its consideration. In view of the fact, however, that the Salary Committee of the Board of Aldermen has established a rule that resolutions must state either the number or names of the occupants of the positions affected by the resolution, I respectfully ask this Board to rescind its action of December 22, 1905, and to adopt a resolution establishing the grade of the position of one Veterinarian in the Department of Finance at \$1,800 per annum.

My predecessor in office, in his communication to the then Board of Estimate and Apportionment, strongly urged the fixing of this salary, in order that he might promote the present occupant of the position. He stated as follows:

"Previous to the permanent appointment of a Veterinarian, examinations of horses owned by the City were paid for by fees, which, according to the records of this Department, amounted to \$2,936 during 1902 and \$2,240 during the period between January 1, 1903, and July 17, 1903, on which date a Veterinarian with annual salary of \$1,500 was appointed.

"During 1904, 1,224 examinations of horses were made, and from January, 1, 1905, to date there have been 1,317 examinations, which, under the old fee system, would have cost not less than \$2 each.

"It will therefore be seen that even with the proposed increase in the salary of the Veterinarian the cost to the City for such examinations will be much less than formerly."

Yours respectfully, (Signed) H. A. METZ, Comptroller.

Whereas, The Board of Estimate and Apportionment, at a meeting held April 20, 1906, adopted the following resolution:

"Resolved, That the resolution adopted by the Board of Estimate and Apportionment December 22, 1905, which approved of the establishment of an additional grade of the position of Veterinarian in the Department of Finance, and recommended the fixing of the salary of said additional grade at the rate of \$1,800 per annum, be and the same is hereby rescinded; and be it further

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade for one position of Veterinarian in the Department of Finance, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of such additional grade be fixed at the rate of eighteen hundred dollars (\$1,800) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of an additional grade for one position of Veterinarian in the Department of Finance at the rate of eighteen hundred dollars (\$1,800) per annum.

No. 632. Board of Estimate and Apportionment, City of New York, Financial Branch, No. 280 Broadway, April 21, 1906.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment April 20, 1906, amending resolution adopted March 30, 1906, to provide for additional grade for one position of Inspector of Repairs and Supplies in the Department of Finance, with salary at the rate of \$1,800 per annum, together with copy of communication from the Comptroller, and report of the Committee on Salaries and Offices, Board of Aldermen, recommending the amendment to the resolution of the Board of Estimate adopted March 30, to provide for one incumbent for the position.

I also inclose form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours, JOSEPH HAAG, Secretary.

Whereas, The Board of Estimate and Apportionment at a meeting held April 20, 1906, adopted the following resolution:

"Resolved, That the resolution adopted by the Board of Estimate and Apportionment March 30, 1906, which approved of the establishment of additional grades of the position of Inspector of Repairs and Supplies in the Department of Finance, and recommended the fixing of the salaries of said additional grades at the rates of \$1,650 and \$1,800 per annum, be and the same is hereby amended to read as follows:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade for one position of Inspector of Repairs and Supplies in the Department of Finance, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of such additional grade be fixed at the rate of eighteen hundred dollars (\$1,800) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of an additional grade for one position of Inspector of Repairs and Supplies in the Department of Finance, at the rate of eighteen hundred dollars (\$1,800) per annum.

The Committee on Salaries and Offices, to whom was referred, on April 3, 1906 (Minutes, page 8), the annexed resolution, in favor of fixing salaries of positions of Inspectors of Repairs and Supplies, Department of Finance, respectfully

REPORTS:

The Comptroller appeared before the Committee and stated that this resolution is desired for the purpose of promoting one man to the grade of \$1,650, leaving the grade of \$1,800 for a subsequent promotion. The Committee explained to the Comptroller that the Board of Aldermen now desires these resolutions to fix the number in the grade, and the Committee therefore recommends the return of the resolution to the Board of Estimate and Apportionment for amendment, and to that end it submits the following resolution:

Resolved, That the Board of Aldermen hereby returns to the Board of Estimate and Apportionment the following resolution, being No. 496, with the request that the resolution be amended by fixing the number of inspectors to be employed in each grade.

Whereas, The Board of Estimate and Apportionment at a meeting held March 30, 1906, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of additional grades of the position of Inspector of Repairs and Supplies in the Department of Finance, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of said additional grades be fixed at the rates of sixteen hundred and fifty dollars (\$1,650) and eighteen hundred dollars (\$1,800) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salaries of said additional grades of the position of Inspector of Repairs and Supplies in the Department of Finance, at the rates of sixteen hundred and fifty dollars (\$1,650) and eighteen hundred dollars (\$1,800) per annum.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment April 20, 1906, approving of the establishment

of the position of Automobile Engineman, for one incumbent, in the Department of Bridges, and recommending the fixing of the salary at \$1,200 per annum, together with copy of communication from the Commissioner of Bridges and copy of report of the Auditor of Accounts, Investigations, Department of Finance, approved by the Comptroller, relative thereto.

I also inclose form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours, JOSEPH HAAG, Secretary.

Department of Bridges, City of New York, Nos. 13 to 21 Park Row, March 20, 1906.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—Pursuant to the provisions of section 56 of the Greater New York Charter, I respectfully request that your Honorable Board adopt the necessary resolution and forward the same to the Board of Aldermen, establishing the grade of Automobile Engineman at a salary of \$1,200 per annum in the Department of Bridges.

In connection herewith I desire to say that this is an entirely new position, there being at this time no Automobile Engineman at any salary whatever established in the Department of Bridges, and the necessity for such an employee is urgent.

I would also state that the salary desired to be fixed, to wit, \$1,200 per annum, seems just and reasonable, and that it appears to be a prevailing rate of compensation for this work in the City service, being the rate of pay established in the Departments of the President of the Borough of Brooklyn and President of the Borough of Richmond, and in the Fire Department and Department of Street Cleaning.

Respectfully, JAMES W. STEVENSON, Commissioner of Bridges.

March 27, 1906.

Hon. HERMAN A. METZ, Comptroller:

Sir—In the matter of a request made by the Commissioner of Bridges for the establishment of the grade of Automobile Engineman, at a salary of \$1,200 per annum, in the Department of Bridges, and referred to the Investigations Division for examination, I beg to report as follows:

The salaries paid to automobile enginemen in different City departments vary from \$720 to \$1,200 a year. It is claimed by those who have had experience in the use of automobiles that it is impossible to secure the services of an automobile engineman who thoroughly understands his business and is competent to make the ordinary repairs which are required to be made to the machines at a less salary than \$1,200 per annum. Those who are employed at a lower salary have little or no knowledge of an automobile's mechanism, and the result is that in cases of small repairs which could be made by a competent engineman, the machine has to be repaired by outside help, thereby adding greatly to the expense.

Commissioner Stevenson states that the necessity for the employment of an automobile engineman in the Department of Bridges is urgent.

I would therefore respectfully recommend that the request of the Commissioner of Bridges for the creation of the grade of Automobile Engineman in his Department, at a salary of \$1,200 per annum be granted.

Respectfully, (Signed) CHARLES S. HERVEY, Auditor of Accounts, Investigations Division.

Approved: (Signed) H. A. Metz, Comptroller.

Whereas, The Board of Estimate and Apportionment, at a meeting held April 20, 1906, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of the position of Automobile Engineman, for one incumbent, in the Department of Bridges, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said position, for one incumbent, be fixed at the rate of twelve hundred dollars (\$1,200) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the position of Automobile Engineman, for one incumbent, in the Department of Bridges at the rate of twelve hundred dollars (\$1,200) per annum.

Which were severally referred to the Committee on Salaries and Offices.

The Vice-Chairman laid before the Board the following communications from the Board of Estimate and Apportionment, transmitting ordinances:

No. 634. Board of Estimate and Apportionment, City of New York, Financial Branch, No. 280 Broadway, April 20, 1906.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of resolution adopted by the Board of Estimate and Apportionment, April 20, 1906, authorizing an issue of Corporate Stock to an amount not exceeding \$15,000, in addition to the sum heretofore authorized, to provide means for a building for the new headquarters for the use of the Police Department, together with copies of communication from the Police Commissioner, transmitting specifications and report of the Principal Assistant Engineer, Department of Finance, relative thereto.

I also inclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours, JOSEPH HAAG, Secretary.

City of New York—Department of Finance, Comptroller's Office, April 18, 1906.

Hon. HERMAN A. METZ, Comptroller:

Sir—In a letter dated March 30, 1906, the Commissioner of Police requests the Board of Estimate and Apportionment to authorize the issue of Corporate Stock to the amount of \$20,950 for the construction of an entrance driveway for the new Headquarters Building, Grand, Centre and Broome streets, Borough of Manhattan.

I have looked up the matter in detail and beg to report as follows:

The Headquarters Building has been under construction for more than a year, the foundation walls are all built and some portions of the sidewalls are above the second story.

The modification suggested consists of an inclined driveway at the north end from the grade of Broome street to the basement floor level, the removal of some brickwork and ironwork, the construction of some more brick piers and walls, new floors, etc., an iron fence about the driveway, with an ornamental stone and iron gateway.

The construction of the building itself is at such a stage that the employment of any other than the contractor for the building to do this extra work is out of the question, and his contract provides for additional or extra work beyond the amount of this proposal.

The scheme of an enclosed driveway, with a secluded space for the loading and unloading of prisoners meets my full approval.

In checking up the estimated cost of this work, I secured from the contractor an itemized list of the cost of the different items; I also had made in my office an estimate of the cost of the work in detail, and I received from a reputable builder his detailed estimate of the cost of the items of the work and the total figure for which he would do the work. The latter agreed with those I had made within less than 10 per cent.

My estimate of the cost of the work, including 15 per cent. profit to the builder, falls within \$15,000, and I am therefore constrained to advise that the Board do not authorize the proposed issue of Corporate Stock to the amount of \$20,950 for this purpose.

Respectfully, (Signed) CHANDLER WITHINGTON, Principal Assistant Engineer.

Police Department of The City of New York,
No. 300 Mulberry Street,
New York, March 30, 1906.

To the Honorable Board of Aldermen:

Gentlemen—The following proceedings were this day directed, asking for the issue of Corporate Stock in the sum of \$20,950, to enable the construction of an entrance driveway for new Headquarters Building at Grand, Centre and Broome streets and Centre Market place:

Whereas, In the opinion of the Police Commissioner it is necessary to construct an entrance driveway from Broome street to the present basement floor of the new building now being erected on the block bounded by Grand, Centre and Broome streets and Centre Market place, in the Borough of Manhattan, for Headquarters for the Police Department of The City of New York, and it appearing from drawings, details and specifications prepared by F. L. V. Hoppin, architect, No. 244 Fifth avenue, Borough of Manhattan, and also from an estimate made by Gillespie, Walsh & Gillespie, contractors for the construction of said new building, that the cost of such entrance driveway will be \$20,950,

Ordered, That the Board of Estimate and Apportionment be and is hereby respectfully requested to authorize the issue of Corporate Stock in the sum of \$20,950 to enable the Police Commissioner to direct the construction of such work in accordance with such plans and specifications prepared by F. L. V. Hoppin, architect.

Ordered, That whenever the Board of Estimate and Apportionment shall have authorized the issue of Corporate Stock in the sum of \$20,950 for such purpose, the Board of Aldermen be and is hereby respectfully requested to concur therein.

Ordered, That a copy of the specifications for the said work be respectfully submitted to the Board of Estimate and Apportionment and to the Board of Aldermen.

Very respectfully,

THEO. A. BINGHAM, Police Commissioner.

Specifications of labor to be performed and materials to be furnished for the full and thorough completion of an entrance driveway from Broome street to the present basement floor of the new building now being erected on the block bounded by Grand, Centre and Broome streets and Centre Market place, Borough of Manhattan, for Headquarters for the Police Department of The City of New York, in accordance with the accompanying drawings and details prepared by F. L. V. Hoppin, architect, Hoppin & Koen, No. 244 Fifth avenue, Borough of Manhattan, New York City, March 12, 1906.

All conditions obtaining in the general specifications under which the present construction is being carried out are to apply in this alteration.

Excavation.

The contractor shall excavate to the depth shown by drawings for all walls, piers, etc., or to such depth as may be found necessary to acquire suitable bearings for footings. It is presumed that a suitable foundation may be found at the depth indicated.

All earth taken from the excavations and not needed for filling in shall be removed from the premises by the contractor.

Demolition.

The contractor shall cut out all of that portion of the main bearing wall at Broome street and above a point 2 feet 2 inches more or less below the present basement tier of beams and from the interior faces of the present vault walls.

He shall also cut out in cellar the 2-foot portion of the present Broome street bearing wall from the concrete footings up. Also such portion of the north wall of the vault as shown as shall be necessary to provide a driveway 9 feet wide and the granite facing for same.

The contractor shall do all other cutting of every kind as shall be necessary for bearings for beams, openings for pipes, etc., etc.

Shoring.

The contractor shall properly shore up and support the beams and brick arches which they support now in place in the porte cochere; also the girders in first floor now resting upon the bearing wall at the Broome street end.

Do all other shoring that shall be necessary to properly protect and secure the work already in place.

Brickwork.

All foundation walls and the cross wall shall be built as shown on plans with the best hardburned North river brick, laid in Portland cement mortar, every course thoroughly grouted.

Face Brick.

The contractor shall face the interior walls of present vault and that portion of the main building indicated from the level of the basement floor beams to the soffit of the first floor beams with face brick similar to those of the present area facings, laid blindbond in cement mortar with a tight, white joint.

Paving Brick.

The entire driveway from Broome street to the inside of the present vault wall to be paved with standard size paving brick or block, as per sample, to be approved by the architects, laid as approved on a foundation of sand. All joints in paving brick to be grouted with Portland cement mortar.

Concrete Footings.

All concrete footings for walls, columns, bases, etc., shall be of dimensions noted on the drawings and laid in plank frames, the bottom of trenches and other surfaces to be tamped level and firm.

The footing concrete shall be composed of one measure of Portland cement, two of sand and four of broken stone, of a size not larger than will pass in any direction through a ring two inches in diameter. The stone shall be washed if necessary to free same of dust and clay, and all ingredients shall be properly mixed and measured in approved measure.

The entire level portion of drive as well as the concrete wheel guard and platform shall be made as follows: In that portion now a vault excavate to such depth that 7 inches of clean steam ashes thoroughly wet with a hose and tamped shall be even with the top of the concrete ashes of the basement tier of beams. On top of these and the fireproof arches shall be laid 4 inches of concrete composed of ingredients as specified above, and finished with Dyckerhoff Portland cement, or equal thereto, one (1) inch thick, made of one (1) part cement and one (1) part white sand, colored as shall be directed, well and thoroughly trowelled, and marked out in squares as directed.

Waterproofing.

All new brickwork coming in contact with the earth shall be waterproofed with the same quality of materials and labor as the other damp-proofing in the building, and shall be properly connected with existing work, so as to make upon completion a job absolutely water-tight and impervious to moisture.

Same shall be guaranteed for a period of five (5) years.

Sheet Piling.

The Contractor shall do all necessary sheet piling to enable him to properly execute his work and shall properly protect and support adjacent sidewalk, hydrants, water and gas mains, sewers, etc., and if damaged they shall be replaced or repaired and left in perfect condition at completion of the work, and all municipal requirements and laws regarding such operations shall be strictly complied with.

Iron Work.

It will be necessary to lower all the beams and girders of basement tier north of columns now known as Nos. 1 and 2, 2 feet 2 inches, more or less, which shall be done in a thorough and substantial and workmanlike manner, providing new seats for girders on north face of columns Nos. 1 and 2.

The present 8-inch beams between girders to be replaced by 10-inch beams.

The contractor shall furnish and erect two C. I. columns 10 by 12 by 1 1/4 inches on one twin base complete, as shown and as per detail.

Provide and erect grillage below column base of nine 10-inch by 25-lb. I's, 6 feet long, complete with bolts, separators, etc.

Provide and erect two pairs of 20-inch by 65-lb. I's over columns, as shown, complete with bolts, separator, four 16 by 24 by 2-inch cast-iron templates, etc., etc.

Furnish and erect all other necessary structural steel work as shown or indicated of size and in positions marked or indicated, including frame of 3 by 3 by 1/4 angles to support the concrete work of platform, together with all necessary ties, braces, etc., etc.

Furnish and erect as shown an ornamental wrought-iron fence on Centre street,

Centre Market place and Broome street, to be made of sizes of iron as directed, in general about 1 by 1 inch and 1 1/2 by 1 1/2-inch in posts, with proper size parts in scroll and leaf work, in a most thorough and workmanlike manner, with forged scroll and leaf work as shown on drawings, and all in strict conformity with full size details, which shall be furnished as the work progresses.

Furnish and erect two wrought-iron lanterns as shown, same to be made in a most thorough and workmanlike manner, in strict accordance with full size details, which shall be furnished, and glaze same with green glass of such color as shall be selected and approved.

The fence shall be braced with scroll braces on back of fence, made of 1-inch square iron, securely fastened to fence on one end, the other to be leaded into stone coping in a most thorough and substantial manner.

All structural iron and steel work to have two good coats of Dixon's Graphite paint of colors directed.

All ornamental iron work to be thoroughly cleaned of oil, rust and scale and given one good coat of red lead and oil, after which it shall have two good coats of Dixon's Graphite paint of such color as directed.

Do any and all other necessary iron work required to make a completely finished structure as shown or indicated.

Granite.

Furnish and set all granite shown, including facing for drive coping of driveway walls, yard coping, fountain basins, base course of limestone posts, etc., all of six-cut granite of same kind as used in basement story of present building, all to be cut as per full size detail and set in a most thorough and workmanlike manner, properly bonded and anchored to brickwork and together.

Limestone.

Furnish and set all limestone shown, including the large corner fence posts, complete, above the granite, a balustrade in central opening in present Porte Cochere, together with carved lions' heads, fountain shells, etc., of same quality and finish as limestone now being used in present work, all to be properly anchored in place and cut in strict accordance with full size details to be furnished as the work progresses.

Models of all carving are to be made and approved by architects before any work shall be done on same.

Carpenter Work.

Furnish all necessary labor and materials for the full and proper completion of all required carpenter work shown or indicated.

Doors.

Furnish and hang on suitable extra heavy wrought iron hinges a pair of 3-inch doors at foot of inclined drive, supplying same with all necessary hardware of such pattern as shall be approved, same to have heavy plank frame as per detail.

Furnish and hang to the platform entrances 2-inch doors, panelled as shown, or directed, of white pine, to have glass in upper panel.

Frames for same to be 2 1/2-inch thick white pine, moulded and rebated, all as per detail.

Provide and set at private elevator a complete door and frame to conform in all respects to those on the other floors to which this elevator opens.

Provide and set complete a window and frame, where shown, with 1 3/4-inch white pine sash, made and glazed to conform with the other basement windows in all respects, except grille over same will be omitted.

Plumbing.

Furnish and connect with present plumbing system a 4-inch wrought-iron floor drain, complete with strainer, floor plate and box, and leave in a perfect condition at completion of work.

Connect the two fountains with the present plumbing system, applying same with water through extra heavy three-quarter-inch galvanized iron pipe, laid well below frost line, and to be equipped with shut-off inside of building, and arrange to thoroughly drain after being shut off.

Waste through 1 1/2-inch extra heavy galvanized-iron pipe to present plumbing system; equip with strainer in fountain basin and leave in perfect working condition upon completion of the building.

Electric Wiring.

Run conduit to and up through the larger corner posts and wire each of the lamps for a five-lamp cluster, providing all necessary cut-outs, switches, etc., as shall be required for the full and proper completion of the work.

Do any and all other work that shall be needed to carry out the true intent and meaning of the drawings as prepared.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of fifteen thousand dollars (\$15,000), in addition to the sum heretofore authorized, to provide means for a building for the new Headquarters for the use of the Police Department to be erected on the site of Centre Market, Grand and Centre streets, in the Borough of Manhattan.

Be it Ordained by the Board of Aldermen of The City of New York as follows: Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment April 20, 1906, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding fifteen thousand dollars (\$15,000), in addition to the sum heretofore authorized, to provide means for a building for the new Headquarters for the use of the Police Department to be erected on the site of Centre Market, Grand and Centre streets, in the Borough of Manhattan, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding fifteen thousand dollars (\$15,000), the proceeds whereof to be applied to the purposes aforesaid."

No. 635.

Board of Estimate and Apportionment, City of New York,
Financial Branch, No. 280 Broadway,
April 21, 1906.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment April 20, 1906, authorizing the issue of \$25,000 Corporate Stock for the construction of a municipal asphalt repair plant in the Borough of Brooklyn, and the acquisition of sites therefor, under the jurisdiction of the President of the Borough of Brooklyn; together with copies of communication from the President of the Borough of Brooklyn, report of the Chief Engineer, Bureau of Highways, Borough of Brooklyn, and report of the Principal Assistant Engineer, Department of Finance, all relative thereto.

I also inclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,
JOSEPH HAAG, Secretary.

The City of New York,
Office of the President of the Borough of Brooklyn,
Brooklyn, March 24, 1906.

The Honorable the Board of Estimate and Apportionment:

Gentlemen—There was considered by your Board on March 16, a request of mine for an appropriation for the purpose of installing a municipal asphalt repair plant in this borough. At that meeting some question was raised by the Comptroller as to the possibility of the City finding some difficulty in obtaining asphalt to be used in the proposed plant. I asked for a report on this matter from the Bureau of Highways, and I forward to you herewith a report addressed to the Superintendent by the Chief Engineer of that Bureau, on March 21, 1906. You will note from this report that the City would have absolutely no difficulty in procuring asphalt.

Yours very truly,
BIRD S. COLER,
President, Borough of Brooklyn.

March 21, 1906.

Hon. FRANK J. ULRICH, Superintendent of Highways:

Dear Sir—Referring to the statement that it would be useless to install a municipal asphalt repair plant in this borough because the officials would have difficulty in procuring the asphalt, I would say at the present time the four (4) great sources of supply from which asphalt is being received for paving purposes, are as follows:

- The Bermudez Lake, in the Province of Venezuela.
- The Maracaibo deposit, also in South America.
- The celebrated pitch lake in the Island of Trinidad, and
- The California deposits.

Although I have considered the California deposits as the one source of supply, there are several parties in that State from whom asphalt can be obtained. I have this morning received the following letter from the A. L. Barber Asphalt Company, which controls the output of the Bermudez Lake asphalt:

"We beg to confirm our conversation, over the telephone, in regard to a supply of refined asphalt for the proposed municipal asphalt repair plant in the Borough of Brooklyn, to the effect that we are prepared to supply your Department with such quantity of refined Bermudez Lake asphalt as may be required by you during the season of 1906, at the price quoted, viz., \$22 per ton (packages weighed as asphalt) of 2,000 pounds, f. o. b. boats at our refinery in New York."

I have also received this morning the following letter from the Uvalde Asphalt Company, which controls the Maracaibo deposits:

"In reply to your inquiry of to-day as to whether this company would be willing to contract with and sell refined asphalt to The City of New York, in the event of the City deciding to operate a municipal asphalt repair plant, I beg to say that we would be willing at any time to enter into a five or ten years' contract with the City to supply them with refined asphalt. The price would depend somewhat on the quantity taken and where deliveries were to be made; the price, however, would probably not exceed twenty-five dollars (\$25) per ton of 2,000 pounds. At any time that you are ready to make a contract we should be glad to hear further from you."

These letters seem to dispose pretty effectually any claim that asphalt cannot be obtained. The Trinidad Lake asphalt is controlled by the Barber Asphalt Paving Company. I do not know whether they would sell or not. It seems to me there is no danger of the City being unable to purchase the necessary quantity of asphalt required to make the repairs in this borough. Since 1899 the City of Winnipeg, Man., has maintained an asphalt plant and has had no difficulty in purchasing all the asphalt it required. Since that time plants have been established in Montreal, Canada; Detroit, Mich.; Allegheny, Pa., and Omaha, Neb., which have purchased all the asphalt needed. I am satisfied that the four deposits referred to above are controlled by people who are entirely independent of one another, and if not I do not see why they can be expected to refuse to sell asphalt to the City at the proper price any more than to lay the pavement itself. If there is a trust or combination among these different parties, it certainly would be shown in the prices of asphalt pavements. The Borough of Brooklyn last year laid over 800,000 yards of asphalt pavement at an average of \$1.47 per yard, which is the lowest price I have known a city to obtain that quantity of asphalt pavement before. Further than this, if the asphalt dealers should form a combination and refuse to sell the City asphalt at a reasonable price, it would be a simple matter to retaliate in kind, and for the City to refuse to order any more asphalt pavement laid until the asphalt people would sell the refined material to the City at a reasonable price. An action of that kind would strike the asphalt companies in a very tender spot, and would quickly bring them to terms. I do not, however, believe there is the slightest danger of anything of the kind, and am satisfied that any private individual could go into the asphalt pavement business to-day and purchase all the asphalt he desired if he had the necessary financial standing.

I should have said before that plenty of California asphalt can be bought in the open market.

Yours very truly,
(Signed) GEO. W. TILLSON, Chief Engineer.

New York, April 4, 1906.

Hon. HERMAN A. METZ, Comptroller:

Sir—In communication of February 27, the President of the Borough of Brooklyn requested the Board of Estimate and Apportionment to authorize an issue of twenty-five thousand dollars (\$25,000) of Corporate Stock, under section 47 of the Charter, to provide funds for the construction of a municipal asphalt repair plant in the Borough of Brooklyn.

Statement is made that nearly one and a half million square yards of asphalt pavement required constant maintenance and repair in the borough on streets where the contractors' guarantees have expired, and it is estimated that the area to be so maintained will amount to more than four million square yards within four years. As the older pavements deteriorate the proportion to be repaired will largely increase. It also appears that about \$50,000 was expended in the Borough of Brooklyn under contracts for asphalt repairs during the past year, and that much difficulty and delay ensued before dangerous wears and breaks in the pavement were repaired by the contractors.

It is believed by the Borough President that under these circumstances the successful operation of municipal plants as determined in the experience of some half dozen large cities enumerated by him (on which definite cost of installation and operation has been secured), is a safe precedent for the Borough of Brooklyn to follow.

Application is also made for lease of a site for the proposed plant, but it is now apparent that either of two storage yards now used by the Bureau of Highways will be both convenient and ample for the purpose, and that no further lease of property is now necessary.

Proposition has also been forwarded from the Uvalde Asphalt Paving Company, offering an operating plant to the City for the sum of \$35,000, with a transfer of existing lease of the site occupied for a term of years. This, however, is not a favorable offer.

Regarding the cost of construction of a new plant, the report of the Chief Engineer of Highways shows that \$25,000 will be sufficient to construct a working plant with an output equal to 1,200 square yards per day when laid. This estimate includes an equipment of working tools and street tools for five gangs.

From statements presented, the average cost of laying asphalt pavement with city plants in other cities mentioned has been considerably less than the present cost of the contract work now unsatisfactorily performed in the Borough of Brooklyn, and it is probable that some economy can be shown in actual results there.

On the 15th ult. I presented a report in this matter, stating that while the cost of refined asphalt was said to be low, and with an open market, prices should be determined for City purchases for at least a year beyond time for completion of a plant, and I recommended that the President of the Borough be advised to secure options or definite proposals for providing an ample supply for the contemplated plant, stating that until the cost of the raw material was so determined, it was not advisable for the City to be committed to the proposition as requested.

At the meeting of the Board, March 16, the President of Brooklyn was advised to secure such information, and the attached communications of March 24 and April 2, transmitting reports of the Chief Engineer of Highways and of Superintendent of Highways, respectively, show that such options and proposals have been obtained, and that refined asphalt is now definitely offered to the City in sufficient quantities and for extended periods at such prices as warrant a definite estimate of cost of the asphalt mastic ready for laying pavement.

The construction of this plant has been carefully considered by the Chief Engineer of the Bureau of Highways, and I believe that the plan proposed, if carefully executed and operated should show economy in cost of repairs and replacements of extended areas, and result also in more satisfactory conditions by affording full control for quick repairs of dangerous holes in the older pavements of Brooklyn now in bad condition.

For economy of operating charges, a central location affording an average short haul to the greatest possible area of old pavements, must be secured, and the plant should probably be located on unoccupied property now controlled by the City, either at the Wallabout canal or at Gowanus canal.

I therefore beg to recommend the adoption of a resolution making an appropriation of \$25,000 in Corporate Stock for such construction of a municipal asphalt repair plant in the Borough of Brooklyn.

Respectfully,
R. W. CREUZBAUR, Principal Assistant Engineer.

March 21, 1906.

February 27, 1906.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—The amount of asphalt repair work in the Borough of Brooklyn is increasing with so much rapidity and the cost is becoming so large that it seems to me to be most desirable at this time to install in this borough a municipal asphalt repair plant. There is now in Brooklyn an area of 1,434,786 square yards of asphalt pavement upon which the contractor's guarantee has expired and the Chief Engineer of the Bureau of Highways, in a report upon this subject dated February 10, asserts that for the next four years the yardage which must be cared for by the City will be as follows:

In 1907	1,771,898
In 1908	2,693,343
In 1909	3,385,937
In 1910	4,197,952

As this pavement grows older the amount of repair work will, of course, increase, and if it is to be done by contract as at present the annual charge upon the City will be exceedingly burdensome.

In 1905 the asphalt repair contract involved an expenditure to the contractor of \$47,278.75. Not only is it desirable from the standpoint of economy that the City should make its own repairs but also from the standpoint of convenience. The asphalt contractor cannot do the work as promptly as could a repair gang under the direct control of the Superintendent of Highways. When a break is now discovered in an asphalt pavement the contractor is notified to repair it. It generally takes several weeks for him to get his men upon the work. In the meantime the traffic conditions have greatly enlarged the hole and have added to the City's expense, while prolonging unnecessarily and unwisely a dangerous situation in the street. Smaller cities have already successfully dealt with this problem by the construction of municipal plants. Such plants have been installed and have worked very satisfactorily in Winnipeg and Montreal, in Canada; and Detroit, Mich.; Omaha, Neb.; Allegheny, Pa., in the United States. In addition to economizing on the cost of making actual repairs, the City, with its repair plant, could engage very considerably in the business of restoring asphalt pavements over plumbers' cuts and openings made by the various public service corporations. Not only will this result in a more prompt restoration of the pavement over excavations of this character, but it will produce a very considerable income for the City. I would therefore request your Honorable Board to authorize the issue of twenty-five thousand dollars of Corporate Stock under section 47 of the Charter, the proceeds to be used by the President of the Borough for the construction of a municipal asphalt repair plant in the Borough of Brooklyn.

Respectfully,
(Signed) BIRD S. COLER,
President, Borough of Brooklyn.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of twenty-five thousand dollars (\$25,000), to provide means for the construction of a municipal asphalt repair plant in the Borough of Brooklyn, and the acquisition of sites therefor, under the jurisdiction of the President of the Borough of Brooklyn.

Be it Ordained by the Board of Aldermen of The City of New York as follows:
Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution, adopted by the Board of Estimate and Apportionment April 20, 1906, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding twenty-five thousand dollars (\$25,000), to provide means for the construction of a municipal asphalt repair plant in the Borough of Brooklyn, and the acquisition of sites therefor, under the jurisdiction of the President of the Borough of Brooklyn; and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding twenty-five thousand dollars (\$25,000), the proceeds whereof to be applied to the purposes aforesaid."

Which were severally referred to the Committee on Finance.
The Vice-Chairman laid before the Board the following communication from the President, Borough of The Bronx, transmitting resolution:

No. 636.

April 19, 1906. }

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:
Dear Sir—I respectfully request that the Board of Aldermen pass an ordinance providing for the issue of Special Revenue Bonds to the amount of \$10,000, the proceeds thereof to be applied to the account of Salaries and Wages, Bureau of Public Buildings and Offices, in the Office of the President of the Borough of The Bronx.

This requirement is most urgent, as, since the beginning of the year, several additional premises have been leased for public offices, thereby necessitating for each an additional force to properly clean daily and keep in repair the same, viz., engineers' branch offices, at No. 4179 Third avenue, at No. 1161 East One Hundred and Sixty-ninth street, at Macomb's Dam road, and the temporary courtrooms at Washington avenue and One Hundred and Sixty-second street; also to provide a necessary additional force of mechanics to make needed repairs on other public offices within the borough.

There are now sixteen public offices within this jurisdiction besides the Borough Hall Building, the cleaning and repairing of which must be performed by the Bureau of Public Buildings and Offices.

Enclosed please find resolution.
Respectfully,
LOUIS F. HAFFEN,
President of the Borough of The Bronx.

Resolved, That the Board of Estimate and Apportionment be and is hereby requested, in pursuance of the provisions of subdivision 8 of section 188 of the Amended Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to the amount of ten thousand dollars (\$10,000), in addition to the amount heretofore authorized, the proceeds whereof to be applied to the account entitled Salaries and Wages, Bureau of Public Buildings and Offices, in the Office of the President of the Borough of The Bronx, City of New York.

Which was referred to the Committee on Finance.
The Vice-Chairman laid before the Board the following communication from the Comptroller:

No. 637.
City of New York, Department of Finance, }
Comptroller's Office, }
April 20, 1906. }

To the Honorable the Board of Aldermen of The City of New York:
Gentlemen—To comply with the provisions of section 151 of the Charter, as amended by chapter 190 of the Laws of 1906, which provides for the establishment in the Department of Finance of a Bureau of Municipal Investigation and Statistics, I ask that the Board of Aldermen will approve of the accompanying resolution for the issue of Special Revenue Bonds to the amount of \$50,000.

The work to be done by this new bureau I regard as of the utmost importance for the advancement of intelligent and economical administration of the financial affairs of our City Departments. Besides being an absolute necessity to the work of the Comptroller's office, this bureau will enforce economies in other administrative departments, which will represent a very large annual saving to the City.

The purpose and duties of the bureau are: First, to require an accounting of all public moneys which are disbursed otherwise than through the Finance Department channels; second, to require that all City departments shall express their operations in such form of statistical accounts as may be provided for by said bureau, and that the results of such statistical accounting shall be compiled by said bureau and presented in simple and intelligible form for the information of the public.

Furthermore, this bureau will be the custodian of all records of municipalities consolidated in the Greater City and of all commissions or boards which have heretofore ceased or shall hereafter cease to do public work. Already there has been accumulated in the Comptroller's office a large amount of this public record, which is of daily increasing value to the City, and should be brought together at once and put in order for public use under conditions which will safeguard it against loss or destruction by fire.

The appropriation requested to provide for the organization of this bureau is conservative, in view of the field which must be covered effectively and provide for the employment of capable and intelligent men for the work.

I am specially desirous of getting the Bureau of Municipal Investigation and Statistics into operation at the earliest possible date, because of the approach of the time for the examination of the departmental estimates. One of the important duties of this bureau will be the analysis of these estimates, and much preliminary work is required to make these analyses of value.

My estimate is based upon the necessary cost of furniture, filing cases, etc., for permanent equipment, and of employees' salaries for eight months, as follows:

Steel filing cases, furniture, etc.....	\$8,800 00
Employees for eight months—	
Chief Statistician	\$4,000 00
Ten Expert Accountants.....	20,000 00
Ten Examiners of Accounts.....	12,000 00
Five Clerks	4,000 00
Two Stenographers	1,200 00
	41,200 00
Total.....	\$50,000 00

Yours respectfully,
H. A. METZ, Comptroller.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, as amended by chapter 24 of the Laws of 1905, the Board of Estimate and Apportionment be and it hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of fifty thousand dollars (\$50,000), the proceeds of the same to be used by the Comptroller in establishing a Bureau of Municipal Investigation and Statistics and paying the salaries of the employees thereof, said bureau being authorized by section 151 of the Greater New York Charter, as amended by chapter 190 of the Laws of 1906.

The Vice-Chairman laid before the Board the following communication from the Police Commissioner:

No. 638.
Police Department of The City of New York,
No. 300 Mulberry Street,
New York, April 20, 1906.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen, City Hall, New York:

Sir—I beg respectfully to ask that this Department be authorized to purchase coal in the open market in an amount not to exceed a total cost of \$5,000. This action is deemed necessary on account of the impending strike in the coal industry. When this is settled the balance of coal needed for this Department may be advertised for in the regular way.

After due advertisement in the CITY RECORD for bids to be opened January 16, 1906, for 3,300 tons of coal for use in the station houses in the Boroughs of Brooklyn and Queens, all bids received were rejected, the lowest being \$6.94 per ton.

After due advertisement for bids for 2,000 tons of coal for use on the steamboat "Patrol" and steam launches of the Police Department, to be opened January 16, 1906, no bids were received.

Further advertisement was made in the CITY RECORD for 3,300 tons of coal for use in the station houses in the Boroughs of Brooklyn and Queens, bids to be opened February 13, 1906. No bids were received.

Further advertisement was made in the CITY RECORD for bids for 2,000 tons of coal for use on the steamboat "Patrol" and steam launches, bids to be opened February 13, 1906. All bids received were rejected, the lowest being \$5.90 per ton of 2,000 pounds.

Further advertisement was made in the CITY RECORD for bids for 3,300 tons of coal for use in the station houses in the Boroughs of Brooklyn and Queens, and for 2,000 tons of coal for use on the steamboat "Patrol" and steam launches, bids to be opened March 26, 1906. No bids were received.

This is due, no doubt, to the imminence of a general coal strike. It is, therefore, requested that this permission be granted in order that the station houses and prisons connected therewith may be properly supplied.

Very respectfully,
THEO. A. BINGHAM, Police Commissioner.

Hon. PATRICK F. MCGOWAN, President of the Board of Aldermen:

Dear Sir—I beg to inclose herewith letter from Mr. Noyes F. Palmer of No. 150 Snediker avenue, Brooklyn, relative to a proposed public market site in the Twenty-sixth Ward, Borough of Brooklyn. I advised Mr. Palmer that the laying out of public markets was exclusively within the jurisdiction of the Board of Aldermen, and not of the Board of Estimate and Apportionment, and in answering my letter he has requested me to forward his communication to you as President of the Board.

Respectfully,
NELSON P. LEWIS, Chief Engineer.

Noyes F. Palmer, City Surveyor,
No. 150 Snediker Avenue, Brooklyn, N. Y.,
April 7, 1906.

NELSON P. LEWIS, Chief Engineer, Board of Estimate:

Dear Sir—In the matter of public market in the Twenty-sixth Ward, I desire to appear in opposition to selection of site bounded on the north by railroad property on Atlantic avenue, on the south by railroad property on Pitkin avenue, on the west by railroad property on Van Sinderen avenue, on the east by Van Sinderen avenue.

As a property owner within this proposed site it appears to be an attempt to use public money to condemn land for "terminal tenants" of the railroad.

A more desirable site of double the area could be obtained for less money to the south of the proposed site.

The proposed site contains over 40 buildings useless for market purposes; the expense to acquire these buildings would more than purchase six blocks of vacant land to the south of this proposed site.

The change of grade on Van Sinderen avenue to a depression of 15 or 18 feet on the west side of this proposed site is a great objection to the proposed site, whereas if a location to the south be selected, blocks of land could be selected where the railroad tracks are on grade and where access by water could be developed by the City.

Respectfully yours,
NOYES F. PALMER.

The Vice-Chairman laid before the Board the following communication from the Police Commissioner:

No. 642.
Police Department of The City of New York,
No. 300 Mulberry Street,
New York, April 17, 1906.

To the Honorable Board of Aldermen:

Gentlemen—The following proceedings were this day directed by the Police Commissioner:

In pursuance of a report made to his Honor the Mayor, dated March 10, 1906, of the estimated amount of funds which should be expended during the next four or five years in the City of the Greater New York to provide the necessary accommodations in the way of precinct station houses, stables, etc., for the Police Department,

Ordered, That the Board of Estimate and Apportionment be and is hereby respectfully requested to authorize the issue of Corporate Stock in the sum of \$3,000,000 for the purchase of new sites for station houses, or additional land adjoining present station houses, and in the sum of \$8,800,000 for the erection of new station houses, stables, etc., for old precincts and for new precincts to be established, making a total of \$11,800,000 to be apportioned in such issue per year as may be determined by the Board of Estimate and Apportionment.

Ordered, That whenever the Board of Estimate and Apportionment shall have authorized the issue of Corporate Stock in the sum of \$11,800,000 for the purposes herebefore stated, the Board of Aldermen be and is hereby respectfully requested to concur therein.

Ordered, That a copy of the report of the Police Commissioner to his Honor the Mayor, dated March 10, 1906, herein referred to, be respectfully forwarded to the Board of Estimate and Apportionment and a copy to the Board of Aldermen with these proceedings.

Very respectfully,
THEO. A. BINGHAM, Police Commissioner.

March 10, 1906.

His Honor the Mayor, City Hall, New York:

Sir—1. In accordance with your verbal instructions I have the honor to forward herewith an estimate of funds which, in my judgment, should be expended during the next four or five years in the City of Greater New York to provide the necessary accommodations in the way of precinct station houses, stables, etc., for the Police Department.

2. The entire subject has been carefully gone into in detail. Many of the precinct station houses have been inspected either by myself or deputies for the purpose of obtaining the necessary information. The officials of the Department who have cognizance of this matter have all submitted detailed reports upon the subject. Communications have also been received from the Society of Medical Jurisprudence and from various other societies of citizens who are interested in the amelioration of present conditions and police handling of criminals, especially as regards women and children.

3. Before commencing upon this report, I had given careful personal attention to the plans for the erection of a new station house in the Nineteenth Precinct, which work is about to be begun.

4. As a result of all these studies and of the information collected, it is strongly recommended that what may be called a type be adopted for police stations which may be described in a general way as follows: No new station house should be erected less than 100 by 100 feet in size. All should have interior courts. The entrance used by the Police Department should be prohibited to the public, who should enter in another way. The entrance should be on the street level so that the patrol wagon or ambulance may drive inside and the gates be shut, thus screening prisoners, especially women and children, from the gaze and interference of the public.

All cells should be of the latest model of steel construction, with grated ceilings, good plumbing, ventilation, etc., and each house should have provision made for a matron.

Stable accommodations should be arranged in the interior of the building for patrol wagon and the necessary horses.

5. The general style of architecture should be severe and strong and modeled rather like an armory than a summer villa. In addition to the usual and indispensable rooms and appliances, the following should be provided for:

- Steam heating apparatus.
- Shower baths, rather than tub baths.
- Vacuum cleaning apparatus.
- A Clerks' room.
- Matron's room.
- Small gymnasium.
- Electric lighting.
- Plenty of storage room.
- Book cases.

6. Precinct station houses should be erected, so far as practicable, at the corner of streets. The type of station house above indicated will cost at present prices an average of not less than \$150,000. In some parts of the city this price could be somewhat reduced, and in other parts the price would be higher. This figure, however, has been adopted as the average price for new houses. They should also be as near as practicable to the public transportation lines of the city, especially the stations of the subway.

7. As the City does not pay taxes on its property, and as the value of the real estate is rapidly increasing, and as land will probably never be cheaper than it is now, it is thought that the comprehensive scheme thus submitted for your approval should not be misjudged on account of its extent. For one reason, because the city is growing very rapidly and the present really intolerable conditions surrounding a large number of the present station houses call for a comprehensive scheme of betterment for the efficiency of the service, and also because the cost of the proposed reorganization of this Department of the City's property will be largely reduced by the prices obtained when the sites at present in use are sold for the benefit of the Sinking Fund.

8. In some cases it will be found possible to obtain what the City should have by purchasing more land adjoining the present sites of station houses.

In other cases it is imperatively required that the location of station houses should be changed, which, of course, involves the purchase of a new site, although modified by the sale of the old site.

9. It is also imperatively necessary that from eight to ten new precincts should be established because the rapid growth of population has exceeded the capabilities in some cases of precincts whose boundaries were laid out years ago.

In arriving at the estimate herewith submitted, provision has been made for a proper Police Headquarters for each of the boroughs.

10. I have therefore the honor urgently to recommend to your Honor that new sites for station houses or additional land adjoining present station houses be purchased in sixty cases at an estimated value of \$3,000,000, and that new station houses be built for fifty-seven old and new precincts at an estimated total cost of \$8,800,000. It is estimated that the sale of property now owned by the City, and used for Police purposes, which could be disposed of for the Sinking Fund as a result of the improvements above recommended would amount to about \$3,000,000.

11. This whole matter has been studied in detail and planned for a comprehensive and effective administration of the Police Department for the future. It is highly desirable that such a large scheme should be definitely adopted by the proper authorities of the City, subject to such corrections as your Honor and other legal authority may deem best to make, and then that the entire scheme for the purchase of sites should be entered upon at once and pushed to completion for evident financial reasons, and then that funds for construction should be provided, to be available in a certain definite amount extending over a definite number of years—say, \$2,000,000 per year.

Very respectfully,

THEO. A. BINGHAM, Police Commissioner.

Which was ordered on file.

The Vice-Chairman laid before the Board the following communication from the Department of Docks and Ferries:

No. 643.

Department of Docks and Ferries,
Pier "A," North River
New York, April 20, 1906.

Hon. PATRICK F. MCGOWAN, President of the Board of Aldermen:

Sir—Referring to the resolution adopted by the Board of Aldermen March 27, 1906, in relation to the pier foot of Broadway, Astoria, I am directed by the Commissioner to advise you that the pier was in such dangerous condition that it was necessary for this Department to fence the premises off from public use.

The pier in question was originally constructed as a sewer pier for the purpose of carrying the sewer at that point to clear water, but sufficient property was not condemned at the time to enable the City to use the premises for wharfage purposes, nor was the pier ever constructed so that wharfage could be secured.

At the present time the expense of putting the pier in proper condition would be so great, and the wharfage that could be secured under the rights now possessed by the City would be so limited (being only that which could be obtained at the outer end of the pier), that the undertaking would be an impracticable one.

This Department has in contemplation at the present time the proposition for the condemnation of property in the vicinity of Broadway which can be developed to secure proper wharfage accommodations.

Yours respectfully,

J. W. SAVAGE, Secretary.

Which was ordered on file.

The Vice-Chairman laid before the Board the following communication from the President, Borough of Manhattan, returning resolution with amendment:

No. 604.

City of New York,
Office of the President of the Borough of Manhattan,
City Hall, April 24, 1906.

P. J. SCULLY, Esq., City Clerk and Clerk of the Board of Aldermen:

Dear Sir—At a meeting of the Local Board of the Riverside District, held this day at 12 m., after due notice to the owners of property interested, the following resolution was adopted:

Resolved, That the Local Board of the Riverside District hereby approves of the resolution referred to it by the Board of Aldermen as follows:

"Resolved, That the open space bounded on the north by West Sixty-sixth street, on the south by West Sixty-third street, on the west by Columbus avenue and on the east by Broadway, in the Borough of Manhattan, be and the same is hereby designated and shall hereafter be known as "Lincoln square," and the President of the Borough of Manhattan is hereby authorized and directed to make the necessary changes on the maps and records of The City of New York."

Provided that the resolution be corrected so as to read: "On the west by Columbus avenue and Broadway and on the east by Broadway and Columbus avenue."

Very truly,

BERNARD DOWNING, Secretary.

Resolved, That the open space bounded on the north by West Sixty-sixth street, on the south by West Sixty-third street, on the west by Columbus avenue and on the east by Broadway, in the Borough of Manhattan, be and the same is hereby designated and shall hereafter be known as "Lincoln square," and the President of the Borough of Manhattan is hereby authorized and directed to make the necessary changes on the maps and records of The City of New York.

Which was referred to the Local Board of the district affected, with the request that they report at the next meeting.

(SUBSTITUTE.)

Resolved, That the open space bounded on the north by West Sixty-sixth street, on the south by West Sixty-third street, on the west by Columbus avenue and Broadway and on the east by Broadway and Columbus avenue, in the Borough of Manhattan, be and the same is hereby designated and shall hereafter be known as "Lincoln square," and the President of the Borough of Manhattan is hereby authorized and directed to make the necessary changes on the maps and records of The City of New York.

Aldermen J. J. Hahn moved the adoption of the resolution as amended.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution as amended.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Brown, Callahan, Clifford, Cronin, Davies, Dotzler, Doull, Dowling, Ellery, Everson, Freeman, Grifenhagen, C. Hahn, J. J. Hahn, Herold, Higgins, Jacobson, Kenneally, Kline, Krulish, Kuck, Linde, Markert, Meyers, Morris, Noonan, Olvany, Peters, Potter, Redmond, Rendt, Richter, Rowcroft, Schloss, Schneider, Smith, Sturges, Torpey, Wentz, Wright, President Cromwell, President Coler and the Vice-Chairman—44.

REPORTS OF STANDING COMMITTEES.

Reports of Committee on Finance—

No. 300—(G. O. No. 105).

The Committee on Finance, to whom was referred, on February 20, 1906 (Minutes, page 799), the annexed communication from the Police Department, requesting an issue of \$16,000 Special Revenue Bonds for the purchase of three automobiles, respectfully

REPORTS:

That your Committee has given this matter careful consideration and has heard Commissioner Bingham, who spoke in favor of same. He stated that the automobiles were required to properly perform and supervise the police work under modern conditions, and your Committee agree with him as to that. Your Committee, however, believe that the amount requested was excessive, and so stated to him; that it felt that \$9,000 would be adequate, with which sum he said he would manage to do. Your Committee therefore reports favorably upon the annexed substitute resolution.

(SUBSTITUTE.)

Resolved, That, pursuant to subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of nine thousand dollars (\$9,000), the proceeds whereof shall be applied to the purchase of three automobiles and for the use of the Department of Police.

Which was laid over.

No. 499—(G. O. No. 106).

The Committee on Finance, to whom was referred on April 3, 1906 (Minutes, page 14), the annexed ordinance in favor of an issue of \$70,000 Corporate Stock for improvement of the New York Botanical Garden in Bronx Park, respectfully

REPORTS:

That this is an appropriation for the general improvement of the Botanical Gardens, situated in Bronx Park, the details of which are set forth in the annexed report of the Comptroller's Engineer.

Professor Britton, in charge of the gardens, appeared before your Committee and urged its approval, and the Committee later made a personal inspection of the grounds and of the proposed improvements. While a botanical garden is generally deemed to be classed as a luxury, your Committee, after its visit, felt that, to a reasonable extent, the work should receive encouragement, in view of the great interest evinced by a large part of the City's population in it, and the great pleasure they receive from its existence. A great percentage of the City's residents are lovers of good flowers, and to almost all of these, a private conservatory or collection is an impossibility, and your Committee feels that the encouragement of such tastes aids in promoting good citizenship. They therefore recommend the adoption of the ordinance.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of seventy thousand dollars (\$70,000), to provide means for the improvement of the New York Botanical Garden in Bronx Park.

Be it Ordained, by the Board of Aldermen of The City of New York, as follows: Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment March 30, 1906, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding seventy thousand dollars (\$70,000), for the purpose of providing means for the improvement of the New York Botanical Garden in Bronx Park, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding seventy thousand dollars (\$70,000), the proceeds whereof to be applied to the purposes aforesaid."

JOHN R. DAVIES, JOSEPH FALK, B. W. B. BROWN, JOHN DIEMER, A. L. KLINE, Committee on Finance.

Which was laid over.

No. 500—(G. O. No. 107).

The Committee on Finance, to whom was referred on April 3, 1906 (Minutes, page 18), the annexed ordinance in favor of an issue of \$250,000 Corporate Stock for the improvement of the New York Zoological Park in Bronx Park, respectfully

REPORTS:

That Professor Hornaday, in charge of the Zoological Park in Bronx Park, appeared and urged the adoption of the ordinance. At his invitation the Committee visited and inspected the zoological park and the proposed improvements, the details of which are set forth particularly in the reports of the Comptroller's Engineer hereto annexed. The Committee holds the same views towards the zoological park as it expressed toward the botanical gardens. The society has certainly laid out and constructed a high class park, and the public interest in it is testified to by the fact that on some days, between 45,000 and 50,000 visitors are registered. The work was only started in 1898, and the initial expense of \$250,000 for permanent improvements was borne by the Zoological Society, who also provide the animals, while the City provides the buildings and maintenance. The director states that including the present requested appropriation, \$650,000 will be required to finish the laying out of the park and buildings. Your Committee believe this to be a proper improvement.

They therefore recommend that the said ordinance be adopted.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of two hundred and fifty thousand dollars (\$250,000) for the purpose of providing means to pay all necessary expenses for the construction of parks by providing for the development and improvement of the New York Zoological Park in Bronx Park and the construction of buildings therein.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment March 30, 1906, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding two hundred and fifty thousand dollars (\$250,000) for the purpose of providing means to pay all necessary expenses for the construction of parks by providing for the development and improvement of the New York Zoological Park in Bronx Park and the construction of buildings therein, as set forth in the estimate of the Commissioner of Parks for the Borough of The Bronx, of the amount of bonds to be issued during the year 1906, said amount to be expended upon plans and specifications approved by the New York Zoological Society and by said Commissioner, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding two hundred and fifty thousand dollars (\$250,000), the proceeds whereof to be applied to the purposes aforesaid."

Nos. 582 and 595.

The Committee on Finance, to whom was referred on April 10, 1906 (Minutes, page 171), the annexed resolution in favor of an issue of \$36,000 Special Revenue Bonds, to pay salaries of additional force in the Department of Taxes and Assessments, respectfully

REPORTS:

That it has given this matter very careful attention, and has heard President O'Donnell of the Department and Colonel Bell, Chief Deputy, in favor thereof. From their statements it appears that the work of the Department has increased very materially during the past few years, in fact that the increase in real estate assessments this year amounted to \$485,000,000, and the construction of new buildings enormous, in The Bronx alone being 1,000 buildings a district, and in Brooklyn about 1,600. Your Committee believes that the number of Deputies and Clerks should be increased to meet the increase in the business of the Department. It feels, however, that inasmuch as the Department has only made one increase since 1897, three Deputies being added in 1903, that it may be sufficient for the Department at this time to get along with the addition of seven new Deputies and Clerks, part of its request, which seven is an increase of four more than it has requested in eight years. Your Committee feels that because the Budget deficiencies have had to be provided for out of the Special Revenue Bond Fund for the year, that it should use the small balance of its Revenue Bond Account very sparingly, and only for emergency matters. It believes that if the increase of seven should prove inadequate, the next Budget can provide for an additional number. With this reduction, and also taking into account that four months, or one-third of this year, has already passed, your Committee recommends the adoption of the annexed substitute resolution:

(SUBSTITUTE.)

Resolved, That the Board of Estimate and Apportionment be and hereby is requested, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to an amount not to exceed eighteen thousand dollars (\$18,000), the proceeds whereof shall be applied to the payment of the salaries of an additional force in the Department of Taxes and Assessments.

(ORIGINAL.)

Resolved, That the Board of Estimate and Apportionment be and hereby is requested, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to the amount of thirty-six thousand dollars (\$36,000), the proceeds whereof shall

be applied to the payment of the salaries of the following additions to the force of the Department of Taxes and Assessments:

Ten Deputies, at \$2,550 per annum.....	\$25,500 00
Ten Clerks, at \$1,050 per annum.....	10,500 00
	\$36,000 00

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Davies moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said substitute resolution.

Which was decided in the affirmative by the following vote:
Affirmative—Aldermen Ahner, Bartscherer, Callahan, Carter, Clifford, Cole, Collins, Cronin, Davies, Diemer, Dinwoodie, Dotzler, Doull, Dowling, Downing, Doyle, Ellery, Everson, Falk, Farrell, Freeman, Fried, Grifenhagen, Gunther, C. The Committee on Finance, to whom was referred on April 17, 1906 (Minutes, page 212), the annexed resolution in favor of paying bill of Wm. H. McDonald for engraving resolutions on deaths of various persons, \$65, respectfully

REPORTS:

That, having examined the subject, they recommend that the said resolution be adopted.

Resolved, That the Comptroller be and he hereby is authorized and requested to draw a warrant in favor of William H. McDonald for sixty-five dollars (\$65), the said sum to be payment in full for engraving resolutions, as follows: On the death of ex-Alderman John T. McMahon, adopted by the Board of Aldermen February 6, 1906, and approved by the Mayor February 13, 1906; on the death of the wife of Sergeant-at-Arms, ex-Alderman Cornelius A. Shea, adopted by the Board of Aldermen February 28, 1906, and approved by the Mayor March 7, 1906; the said sum to be charged to and paid out of the appropriation entitled "City Contingencies, 1906."

The Committee on Finance, to whom was referred, on April 17, 1906 (Minutes, page 212), the annexed resolution in favor of paying bill of the Clasp Envelope Company for envelopes furnished the Board of Aldermen, \$13.50, respectfully

REPORTS:

That, having examined the subject, they recommend that the said resolution be adopted.

Resolved, That the Comptroller be and he hereby is authorized and requested to draw a warrant in favor of the Clasp Envelope Company for the sum of thirteen dollars and fifty cents (\$13.50), the said sum to be payment in full for one thousand clasp envelopes furnished for use in the office of the Clerk of the Board of Aldermen; said sum to be charged to and paid out of the appropriation entitled "City Contingencies, 1906."

Report of Joint Committees on Finance and Public Letting—

No. 526.

The joint Committees on Finance and Public Letting, in compliance with the instructions contained in a resolution adopted by the Board of Aldermen (see page 79, Minutes of April 3, 1906), respectfully

REPORTS:

That this resolution was introduced in order to have the Board express its general policy upon the subject of the use of automobiles by the City Departments, with a further expression as to maximum price, etc., which the Board feels should be authorized.

Your Committee have made very careful investigation into the matters set forth in the resolution, and especially with reference to a maximum price to be authorized for same, and in order to become properly posted a sub-committee, consisting of the chairmen of the Finance and Public Letting Committees, personally inspected and tested various machines ranging in price from \$2,250 to \$5,000 per car. Acting upon said sub-committee's report, as well as upon individual investigations, your Committee unanimously believe that automobiles are necessary to the City Departments to adequately meet modern conditions. It further believes that while the Departments should be so equipped, the machine should be used solely in the interests of the tax-payers, and in strict pursuance of departmental business. Upon the question of a maximum price the majority of the Committee express the opinion that \$5,000 was too large a price to authorize for a machine, said majority deeming such a car a luxury which should not be charged to the tax-payer for departmental work; and, on the other hand, the majority believed that \$2,500 was too low an allowance, although admitting that good cars could be purchased for that price, the doubt being as to the wearing qualities. The Committee finally unanimously agreed upon the sum of \$4,000 as being the maximum price which the Board should authorize, and they feel that a proper and substantial American machine entirely adequate for the departmental purposes can be purchased for not over that sum.

The subject of the establishment of a municipal garage, they believe, should be laid over at this time for future developments.

In accordance with the above report, the Committee recommends that the annexed resolution be adopted.

Resolved, by the Board of Aldermen of The City of New York, That, as a condition to the granting of its permission to the various departments to purchase automobiles without public letting, the initials of the Department owning it, and of the City, must be conspicuously painted and displayed upon said automobile.

Second, that no machine be authorized for over the sum of \$4,000, and further that there be none except those of American make.

Reports of Committee on Public Letting—

The Committee on Public Letting, to which was referred on February 14, 1906 (Minutes, page 735), the annexed communication from the President of the Borough of Brooklyn requesting authority to purchase two pipe testing machines, etc., without public letting, respectfully

REPORTS:

That Mr. Asserson, the Chief Engineer of the Bureau of Sewers, appeared before the committee and explained the desirability of purchasing these machines and also how it would be for the City's best interest to have the machines purchased without public letting. They, therefore, recommend that the annexed resolution be adopted.

The City of New York,
Office of the President of the Borough of Brooklyn,
February 9, 1906.

Honorable Board of Aldermen, City Hall, New York City:

Gentlemen—I find that in order to safeguard the City's interest it is necessary to have proper pipe testing machines in this office, and that these machines should be purchased immediately, and that they cannot be conveniently purchased through the customary system of public letting.

I therefore request your Honorable Board to adopt a resolution authorizing the President of the Borough to make a contract, without public advertising, for the purchase of two pipe testing machines, to be used in the Bureau of Sewers in this office, and to expend \$2,800 for that purpose.

I forward to you herewith copy of a communication relative to this matter, addressed on January 30, 1906, to the Commissioner of Public Works by the Superintendent of Sewers.

Yours very respectfully,
BIRD S. COLER,
President, Borough of Brooklyn.

January 30, 1906.

Hon. DESMOND DUNNE, Commissioner, Public Works:

Dear Sir—I hand you herewith two blue prints which were submitted to our Chief Engineer by the Riehle Brothers' Testing Machine Company of Philadelphia, setting forth pipe sewer testers, one to be used for a crushing test, the other for a hydrostatic test. The cost of the first mentioned machine complete, which includes its delivery from Philadelphia to the Borough of Brooklyn, is \$1,549. The cost of the hydrostatic tester is \$1,250.

I earnestly request that every endeavor be made to procure these testing machines in order that pipe sewers may be systematically and regularly tested. If these machines are procured and installed in a small temporary building, I would suggest one of the portable style on account of its economical procurement, to be situate in the park adjoining this building until such time as a new municipal building is completed. It will place this Bureau in a position to test any manufacturer's pipe, and tend towards the cessation of disputes as to whose pipe is best to use in sewer construction. I am informed that three applications have been made for the installation of these machines during the previous administration, but same were not procured.

This is a matter of utmost importance, and I would suggest that the Board of Aldermen be asked to permit the purchase of these machines without entering into contract for same, as Messrs. Riehle Brothers are the manufacturers of the best testing machines placed upon the market.

Yours respectfully,
Superintendent of Sewers.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the President of the Borough of Brooklyn be and he hereby is authorized and empowered to purchase in the open market, instead of by contract at public letting, two pipe testing machines, to be used in the Bureau of Sewers, at an expense not to exceed twenty-eight hundred dollars (\$2,800).

A. L. KLINE, WM. CLIFFORD, DAVID S. RENDT, FRANCIS J. O'NEILL, JOSEPH SCHLOSS, Committee on Public Letting.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Kline moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Carter, Clifford, Cole, Collins, Cronin, Davies, Dinwoodie, Dotzler, Doull, Dowling, Doyle, Ellery, Everson, Falk, Farrell, Freeman, Grifenhagen, Gunther, C. Hahn, J. J. No. 300A (G. O. No. 108).

The Committee on Public Letting, to which was referred on February 20, 1906 (Minutes, page 799), the annexed communication from the Police Department, requesting authority to purchase three automobiles without public letting, respectfully

REPORTS:

That Commissioner Bingham appeared before the committee and stated that these automobiles were to be used by the Commissioner and his Deputies while on inspection tours. These machines would enable the Commissioner and his Deputies to cover the vast area of the boroughs of the City in a quick and convenient way. The committee believes, however, that the maximum cost of a machine should be \$4,000. They, therefore, recommend that the Commissioner of Police be authorized to purchase one automobile at \$4,000 and two automobiles at \$2,500 each. They further recommend that the annexed resolution be adopted.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Police Commissioner be and he hereby is authorized to purchase in the open market, instead of contract at public letting, for the official use of the Police Department, three automobiles, at an expense not to exceed nine thousand dollars (\$9,000), one of said automobiles not to exceed the cost of four thousand dollars (\$4,000), and the other two not to exceed the cost of twenty-five hundred dollars (\$2,500) each.

Which was laid over.

No. 446.

The Committee on Public Letting, to which was referred on March 20, 1906 (Minutes, page 1068), the annexed resolution authorizing the Commissioner of Docks and Ferries to purchase a testing machine without public letting, respectfully

REPORTS:

That after investigation they believe that a machine of this character is absolutely necessary for the prosecution of the work of the Department. The Riehle machine seems to be the only one suitable for the Department purposes. This machine is universally used by the Government in all testing laboratories. In view of these facts the Committee recommends that the said resolution be adopted.

Resolved, That, pursuant to the power conferred upon it by the provisions of section 419 of the Greater New York Charter, the Board of Aldermen, deeming such course to be in the public interest, hereby authorizes and empowers the Commissioner of Docks to purchase in the open market, instead of by contract at public letting, one (1) Riehle testing machine for testing iron, steel, granite, etc., of 200,000 pounds capacity, at an expense not to exceed the sum of two thousand dollars (\$2,000).

Subsequently Alderman Kline moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

The Committee on Public Letting, to which was referred on April 10, 1906 (Minutes, page 110), the annexed communication from the Commissioner of Parks of the Borough of The Bronx, requesting authority to purchase lawn mower without public letting, respectfully

REPORTS:

That, according to the annexed communication from Commissioner Walgrove, it is practically impossible to prepare specifications for a motor mower, and that all the motor mowers are covered by letters patent of the United States Government, and are not subject to contract specifications. The Committee therefore recommend the adoption of the annexed resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Parks for the Borough of The Bronx, be and he hereby is authorized and empowered to purchase in the open market, instead of by contract at public letting, a motor lawn mower, either steam or other motive power, at an expense not to exceed fifteen hundred dollars (\$1,500).

Report of Committee on Parks—

No. 615—(G. O. 109).

The Committee on Parks, to which was referred on April 17, 1906 (Minutes, page 216), the annexed resolution in favor of requesting that a certain parcel of ground be set aside temporarily as an athletic field for the benefit of the Patrolmen attached to the Thirty-ninth Police Precinct, in the Borough of The Bronx, respectfully

REPORTS:

That having examined the subject at a hearing held thereon, at which appeared the introducer, Alderman Mulligan, and the Commissioner of Parks for the Borough of The Bronx, they therefore recommend that the said resolution be adopted.

Whereas, The City of New York is the owner of a certain parcel of ground in the Borough of The Bronx, bounded by White Plains avenue, Prospect terrace, Two Hundred and Twenty-ninth and Two Hundred and Thirtieth streets, on which ground is located the Thirty-ninth Police Precinct Station House; and

Whereas, The major portion of said ground is unused, and suitably adapted for the purposes of an athletic field, and might be used to good advantage by the Patrolmen assigned to the station house located thereon; and

Whereas, These Patrolmen in their desire to secure a field for exercise while off duty have volunteered to fence in and make other necessary improvements on said ground at their own expense if set aside for such purpose; therefore

Resolved, That the Commissioners of the Sinking Fund be and they hereby are requested to set aside the said ground for the purposes herein indicated until such time as the City's needs shall require it for other purposes.

Reports of Committee on Buildings—

No. 406.

The Committee on Buildings, to which was referred on March 13, 1906 (Minutes, page 1014), the annexed communication from the Associated Building Trades, respectfully

REPORTS:

That this Committee has investigated the subject and is of the opinion that it is inconsistent with the best interest of the City for departments to utilize ununiformed men for mechanical duties, and that all contractors or subcontractors doing municipal work should pay the prevailing rate of wages. The Committee further recommends that a copy of this report and accompanying communication be transmitted to the heads of the various City departments.

Associated Building Trades,
Nos. 145 and 147 East Fifty-third street.
New York, March 10, 1906.

To the Honorable Board of Aldermen, City of New York, Greeting:

Attached you will find resolutions adopted by the above body, on the above date, at a regular meeting of the Associated Building Trades of New York City and Vicinity, with the firm belief that all work, either new or renovation, pertaining to the building trades, that has to be done by any of the City Departments, directly or indirectly, should be done by those who are not enrolled on the salaried lists of any department, whose uniform specifically designates his duty to be performed, and, above all, that all municipal work should be done by union men, and that the prevailing rate of wages and hours should be paid by any contractor or subcontractor who is accepted to do such work for the City.

In many cases we find that so-called contractors in the past carry their office in their hat, and employees hired by them have neither voice or vote at the annual polls. We have appointed a committee of twenty-two, comprising members of the main industries in the building line, to follow this up and report thereon to this body.

Sincerely yours,

ROSWELL D. TOMPKINS, Secretary.

Report of Committee on Resolutions to the Board of Aldermen.

To the Honorable Board of Aldermen of The City of New York, Greeting:

Whereas, It has come to our knowledge that members of the ununiformed forces of The City of New York have been detailed to perform work of a mechanical nature, to the detriment of members of trade unions; and

Whereas, Members of the ununiformed forces of The City of New York seek such employment as a relief from their legitimate duties; and

Whereas, It has come to our knowledge that your honorable body has appropriated money for such work; and

Whereas, Such money has been diverted from the purposes for which it was intended; therefore be it

Resolved, That the Associated Building Trades of New York City and Vicinity do hereby enter its protest against the practice of employing members of the ununiformed forces of The City of New York at other than their legitimate duty; and be it further

Resolved, That such employment by ununiformed members is prejudicial to the interests of the taxpaying mechanics of The City of New York and a detriment to the efficiency of said force; and be it further

Resolved, That your petitioners do humbly request that your Honorable Board do investigate the manner in which all moneys (if any) which may have been appropriated for such work as herein described, have been disbursed, which is the humble prayer of your petitioners.

Sincerely yours,

ASSOCIATED BUILDING TRADES.

David W. O'Brien,

Stafford Craig,

Committee.

Motion—That the report of the Committee be received and action taken thereon. Carried.

Motion—That the resolution be adopted and forwarded to the Board of Aldermen. Carried.

MAX S. GRIFENHAGEN, JOHN J. FARRELL, JACOB BARTSCHERER, WM. P. KENNEALLY, Committee on Buildings.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Meyers moved the adoption of this report.

Which report was accepted.

No. 608—(S. O. No. 70).

The Committee on Buildings, to whom was referred on April 17, 1906 (Minutes, page 214), the annexed ordinance in favor of amending section 105 of the Building Code, respectfully

REPORTS:

That, having examined the subject, they believe the proposed ordinance to be necessary.

They, therefore, recommend that the said ordinance be adopted.

AN ORDINANCE to amend section 105 of the ordinance of The City of New York, known as the Building Code.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. Section 105 of the ordinance known as the Building Code, is hereby amended so as to read as follows:

Every building hereafter erected or altered, to be used as a hotel, lodging house, school, theatre, jail, police station, hospital, asylum, institution for the care or treatment of persons, the height of which exceeds (thirty-five feet), *thirty-six feet six inches*, excepting all buildings for which specifications and plans have been heretofore submitted to and approved by the Department of Buildings, and every other building the height of which exceeds seventy-five feet, except as herein otherwise provided, shall be built fireproof, that is to say:

They shall be constructed with walls of brick, stone, Portland cement concrete, iron or steel, in which wood beams or lintels shall not be placed, and in which the floors and roofs shall be of materials provided for in section 106 of this Code.

The stairs and staircase landings shall be built entirely of brick, stone, Portland cement concrete, iron or steel.

No woodwork or other inflammable material shall be used in any of the partitions, furrings or ceilings in any such fireproof buildings, excepting, however, that when the height of the buildings does not exceed twelve stories nor more than one hundred and fifty feet, the doors and windows and their frames, the trims, the casings, the interior finish when filled solid at the back with fireproof material, and the floor boards and sleepers directly thereunder, may be of wood, but the space between the sleepers shall be solidly filled with fireproof materials and extend up to the underside of the floor boards.

When the height of a fireproof building exceeds twelve stories, or more than one hundred and fifty feet, the floor surfaces shall be of stone, cement, rock asphalt, tiling or similar incombustible material, or the sleepers and floors may be of wood treated by some process approved by the Board of Buildings, to render the same fireproof. All outside window frames and sash shall be of metal, or of wood covered with metal. The inside window frames and sash, doors, trim and other interior finish may be of wood covered with metal, or of wood treated by some process approved by the Board of Buildings to render the same fireproof.

All hall partitions or permanent partitions between rooms in fireproof buildings shall be built of fireproof material and shall not be started on wood sills, nor on wooden floor boards, but be built upon the fireproof construction of the floor and extend to the fireproof beam filling above.

The tops of all door and window openings in such partitions shall be at least twelve inches below the ceiling line.

Sec. 2. This ordinance shall take effect immediately.

Note—Old matter in parenthesis () to be omitted; new matter in italics.

MAX S. GRIFENHAGEN, JOHN J. FARRELL, JACOB BARTSCHERER, WM. P. KENNEALLY, CHARLES KUNTZE, Committee on Buildings.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Grifenhagen moved the adoption of this report.

Alderman Wafer moved as an amendment that this paper be made a special order at 2.30 o'clock at the next meeting.

The Vice-Chairman put the question whether the Board would agree with said motion of Alderman Wafer.

Which was decided in the negative by the following vote:

Affirmative—Aldermen Carter, Diemer, Everson, Herold, Higgins, Kuck, Olvany, Wafer, Wentz, President Bermel, by Lawrence Gresser, Commissioner of Public Works, and President Coler—11.

Negative—Aldermen Bartscherer, Brown, Bunting, Cronin, Davies, Dinwoodie, Dotzler, Doull, Ellery, Farrell, Freeman, Grifenhagen, J. J. Hahn, Kuntze, Lawlor, Linde, Markert, Meyers, Moffitt, Noonan, O'Neill, Sturges, Sullivan, Torpey, President Cromwell and the Vice-Chairman—26.

The Vice-Chairman then put the question whether the Board would agree to accept said report and adopt said ordinance.

Which was decided in the negative by the following vote, a majority of all the members elected failing to vote in favor thereof.

Affirmative—Aldermen Bartscherer, Brown, Bunting, Cronin, Davies, Dinwoodie, Dotzler, Doull, Ellery, Farrell, Freeman, Grifenhagen, J. J. Hahn, Jacobson, Kenneally, Krulish, Meyers, Moffitt, Mulligan, Noonan, O'Neill, Schloss, Schneider, Sturges, Sullivan, Torpey and President Cromwell—27.

Negative—Aldermen Callahan, Carter, Cole, Collins, Diemer, Dowling, Downing, Everson, Falk, Herold, Kline, Kuck, Lawlor, Linde, Markert, Morris, Olvany, Potter, Richter, Wafer, Wentz, Wright, President Bermel, by Lawrence Gresser, Commissioner of Public Works, and President Coler—24.

On motion, the above vote was reconsidered, and the paper was made a special order for the next meeting at 2 o'clock p. m.

SPECIAL ORDERS.

Alderman Kline called up Special Order No. 21, being a report and resolution as follows:

No. 343.

The Committee on Public Letting, to whom was referred, on February 28, 1906 (Minutes, page 876), the annexed resolution in favor of authorizing the Commissioner of Docks to purchase without public letting two automobiles for the official use of the Department of Docks and Ferries, respectfully

REPORTS:

That Mr. Savage, the Secretary of the Department, appeared before the Committee and urged the necessity of some quick means of transportation. The water front of The City of New York is 448 miles. New docks being built will increase the area which must be constantly inspected by the Commissioner, Engineers and other employees of the Department, to 662 miles. When these docks are completed they will be the source of a large revenue to the City.

They, therefore, recommend that the said resolution be adopted.

Resolved, That, pursuant to the power conferred upon it by the provisions of section 419 of the Greater New York Charter, the Board of Aldermen, deeming such course to be in the public interest, hereby authorizes and empowers the Commissioner of Docks to purchase in the open market, instead of by contract at public letting, for the official use of the Department of Docks and Ferries, two (2) automobiles, at an expense not to exceed the sum of five thousand dollars (\$5,000) each.

A. L. KLINE, JOSEPH SCHLOSS, JACOB BARTSCHERER, WM. S. CLIFFORD, MAX S. LEVINE, DAVID S. RENDT, FRANCIS J. O'NEILL, Committee on Public Letting.

Alderman Kline moved that the resolution be amended by striking out at the end thereof the words "at an expense not to exceed the sum of five thousand dollars (\$5,000) each" and inserting in lieu thereof the words "one at an expense not to exceed the sum of four thousand dollars (\$4,000), and the other not to exceed the sum of two thousand five hundred dollars (\$2,500)."

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution as amended.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Callahan, Carter, Clifford, Cole, Collins, Cronin, Davies, Diemer, Dinwoodie, Dotzler, Doull, Dowling, Downing, Doyle, Ellery, Everson, Falk, Freeman, Fried, Gunther, C. Hahn, J. J. Hahn, Harnischfeger, Herold, Higgins, Jacobson, Kenneally, Kline, Krulish, Kuck, Lawlor, Leverett, Levine, Linde, Markert, Meyers, Moffitt, Morris, Mulligan, Peters, Potter, Redmond, Rendt, Richter, Schloss, Schneider, Smith, Stapleton, Sturges, Sullivan, Torpey, Wafer, Wentz, Wright, President Cromwell, President Bermel, by Lawrence Gresser, Commissioner of Public Works; President Haffen, President Coler, President Ahearn and the Vice-Chairman—63.

Alderman Schloss moved that the Committee on Public Buildings and Markets be discharged from further consideration of the proposed ordinance for the better protection of persons employed in the construction, altering and repairing of buildings in The City of New York.

Which motion was adopted.

Subsequently the paper, being Introductory No. 159, was referred to the Committee on Buildings.

Alderman Peters called up Special Order No. 23, being a report and resolution, as follows:

No. 361.

The Committee on Finance, to whom was referred on February 28, 1906 (Minutes, page 915), the annexed resolution in favor of Special Revenue Bonds, \$18,000, for sorting and rearranging books, etc., in office of the Register of Kings County, respectfully

REPORTS:

That Deputy Register Holtz appeared before your Committee and urged the adoption of the resolution. The Register's office is being thoroughly renovated and it is necessary to move and sort all of the books and papers in it, necessitating the employment of much help for a considerable period.

Your Committee believe this work to be necessary, especially in view of the press criticism of the present condition of the Register's office, and therefore report favorably upon said application.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of eighteen thousand dollars (\$18,000), the proceeds whereof shall be applied to meet the expenses of sorting and rearranging the various books, papers and records in the office of the Register of Kings County, in the Hall of Records, in the Borough of Brooklyn.

JOHN R. DAVIES, B. W. B. BROWN, THOS. J. MULLIGAN, A. L. KLINE, JOHN DIEMER, J. E. BUNTING, JAMES W. REDMOND, Committee on Finance.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Callahan, Carter, Clifford, Cole, Collins, Cronin, Davies, Diemer, Dinwoodie, Dotzler, Doull, Dowling, Downing, Doyle, Ellery, Everson, Falk, Farrell, Freeman, Fried, Grifenhagen, Gunther, C. (By Alderman Schloss.)

Resolution to renumber buildings on West Eighty-ninth street, between Central Park West and Columbus avenue, Borough of Manhattan. Page 218, Minutes of April 17, 1906.

Which motion was adopted.

Alderman Downing further moved that the above resolutions, together with General Orders Nos. 24, 25, 26 and 40, the latter being resolutions calling for the

renumbering of houses and changing names of streets in the various boroughs, be made special orders for 3.30 o'clock p. m.

Which motion was adopted.

Subsequently, the hour of 3.30 o'clock having arrived, Alderman Downing offered the following substitute resolution for the resolutions relating to the Borough of Manhattan:

No. 644.

Resolved, That the President of the Borough of Manhattan be and he hereby is authorized and directed to number and renumber the buildings on the following streets, avenues and thoroughfares in such manner and to such extent as may be necessary:

On Convent avenue.

On the northerly side of Madison street, between Oliver and James streets.

On the westerly side of Broadway, between One Hundred and Seventy-fifth and One Hundred and Seventy-sixth streets.

On Little West Twelfth street.

On West One Hundred and Thirty-sixth street, between Lenox and Fifth avenues.

On West One Hundred and Seventy-eighth street, between St. Nicholas avenue and Broadway.

On West Eighty-ninth street, between Central Park West and Columbus avenue.

On Greenwich avenue, between Seventh and Eighth avenues.

And also that the said Borough President number and renumber the two buildings on West One Hundred and Twenty-seventh street, between Lenox and Seventh avenues, which now bear the number 126, so that one shall be No. 126 and the other No. 126A.

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Bunting, Callahan, Carter, Clifford, Cole, Collins, Cronin, Diemer, Dinwoodie, Dotzler, Doull, Dowling, Downing, Doyle, Ellery, Farrell, Fried, C. Hahn, J. J. Hahn, Herold, Jacobson, Kenneally, Krulish, Kuck, Levine, Linde, Markert, Meyers, Moffitt, Morris, Mulligan, Olvany, Schloss, Schneider, Sullivan, Wafer, Wentz, Wright, President Cromwell, President Bermel, by Lawrence Gresser, Commissioner of Public Works; President Haffen, President Coler and the Vice-Chairman—44.

Alderman Downing then offered the following substitute for the resolutions relating to the Borough of Queens:

No. 645.

Resolved, That the names of the certain streets, avenues and places in the Borough of Queens, as laid down on a map of street system and grades, approved at various times by the Board of Estimate and Apportionment, and as hereinafter more particularly described, shall be known and designated as set forth, and the President of the Borough of Queens is hereby authorized and directed to make the necessary changes on the maps and records of The City of New York in accordance therewith:

In the Second Ward.

The street beginning at the intersection of Maspeth avenue and Betts avenue and running thence southerly to the east line of the Montauk Division of the Long Island Railroad, where the same is intersected by Hill street, to be known and designated as "Betts avenue."

The street adjacent to and on the main line of the Long Island Railroad, between Fifth and Sixth streets, and the continuation of the same between Grout avenue and Skillman avenue, to be known and designated as "Schroeder place."

The street between the Brooklyn Borough line and Cypress avenue to be known and designated as "Jefferson avenue."

Halsey street, extending from Elm avenue to Fresh Pond road, to be known and designated as "Silver street."

The street adjacent to and on the east side of the Manhattan Beach Division of the Long Island Railroad, extending from Central avenue to Edsall avenue, to be known and designated as "Otto street."

The street between the Brooklyn Borough line and Wyckoff avenue, parallel to and the first street north of Eldert street, to be known and designated as "Halsey street."

The street adjacent to and on the east side of the Montauk Division of the Long Island Railroad, extending from Flushing avenue to Clinton avenue, to be known and designated as "Rust street."

The street extending from Cooper street and Wyckoff avenue to the intersection of the Manhattan Beach Division of the Long Island Railroad with Cypress avenue, to be known and designated as "Cooper street."

The street adjacent to and on the east side of the Montauk Division of the Long Island Railroad, between Collins avenue and Arctic street, to be known and designated as "Bridge place."

The street between the Brooklyn Borough line and Myrtle avenue, north of Weirfield street and Willow street, to be known and designated as "Hancock street."

Greene street, extending from the Brooklyn Borough line to Forest avenue, to be known and designated as "Greene avenue."

The street adjacent to and on the east side of the Flushing Branch of the Long Island Railroad, extending from Thomson avenue to Cameron terrace, to be known and designated as "Roxie street."

The street adjacent to and on the east side of the Flushing Branch of the Long Island Railroad, extending from Thomson avenue to Cameron terrace, to be known and designated as "Cameron terrace."

The street beginning at the intersection of Maspeth avenue and Maurice avenue and running thence to a point on the east side line of the Montauk Division of the Long Island Railroad, about one hundred feet south of the intersection of Clark avenue with said line, to be known and designated as "Esser street."

In the Fourth Ward.

That portion of Hillside avenue, extending from Drew avenue to Myrtle avenue, to be known and designated as "Amber street."

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Bunting, Callahan, Carter, Collins, Davies, Diemer, Dinwoodie, Dotzler, Doull, Dowling, Downing, Doyle, Ellery, Everson, Farrell, Freeman, Fried, Grifenhagen, Gunther, C. Hahn, J. J. Hahn, Herold, Kenneally, Krulish, Kuck, Kuntze, Levine, Linde, Markert, Meyers, Moffitt, Morris, Mulligan, Olvany, Peters, Potter, Redmond, Schneider, Sturges, Sullivan, Wafer, Wentz, President Cromwell, President Bermel, by Lawrence Gresser, Commissioner of Public Works; President Haffen and President Coler—47.

Alderman Downing then offered the following resolution:

No. 646.

Resolved, That the President of the Borough of Brooklyn be and he is hereby authorized and requested to number and renumber the buildings on the westerly side of Fourth avenue, between Atlantic avenue and Bergen street, in said borough, in such manner and to such extent as may be necessary.

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Bunting, Callahan, Carter, Clifford, Cole, Collins, Diemer, Dinwoodie, Dotzler, Dowling, Downing, Doyle, Ellery, Everson, Falk, Farrell, Freeman, Fried, Gunther, C. The Vice-Chairman laid before the Board the following communication from the President, Borough of The Bronx:

No. 647.

Local Boards, Twenty-fourth and Twenty-fifth Districts,
Municipal Building, Crotona Park, Borough of The Bronx,
April 23, 1906.

P. J. SCULLY, Esq., City Clerk:

Dear Sir—I beg to acknowledge receipt of the two resolutions presented to the Board of Aldermen inclosed in your letter of the 19th inst., one calling for the change of name of Hunt's Point road, and the other for the change of name of Two Hundredth street, in the Borough of The Bronx, which were presented by me to the Local Board of Morrisania, Twenty-fourth District, at its meeting held on Saturday, April 21, 1906, and again at its meeting held April 23, 1906.

After having duly considered the papers submitted, the Local Board unanimously adopted the inclosed resolutions.

Yours truly,

LOUIS F. HAFFEN,
President of the Borough of The Bronx.

In Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx.

Resolved, That in so far as Report No. 528 of the Board of Aldermen is concerned, the Local Board of Morrisania, Twenty-fourth District, hereby recommends that the name of Hunt's Point road, from Southern Boulevard to the bulkhead line of the East river, be and the same is hereby changed to, and shall hereafter be known as Hunt's Point avenue; and be it further

Resolved, That the Local Board of Morrisania, Twenty-fourth District, hereby recommends to the Board of Aldermen that the changing of the name of Dongan street, as suggested in said Report No. 528 be laid over for further consideration.

Affirmative—Alderman Murphy, Alderman O'Neill and the President of the Borough of The Bronx.

Negative—None.

Adopted April 23, 1906.

Approved and certified this 23d day of April, 1906.

LOUIS F. HAFFEN,
President of the Borough of The Bronx.

Attest:

Henry A. Gumbleton, Secretary.

In Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx.

Resolved, That the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, hereby recommends to the Board of Aldermen that the name "Two Hundredth street," between Jerome avenue and the westerly line of Bronx Park (or the easterly line of the New York and Harlem Railroad) be and the same is hereby changed to "Bedford Park Boulevard."

Affirmative—Alderman O'Neill, Alderman Murphy and the President of the Borough of The Bronx.

Adopted April 23, 1906.

Approved and certified April 23, 1906.

LOUIS F. HAFFEN,
President of the Borough of The Bronx.

Attest:

Henry A. Gumbleton, Secretary.

In connection herewith President Haffen offered the following:

Resolved, That the names of the following thoroughfares in the Borough of The Bronx shall be hereafter known and designated as hereinafter set forth, and the President of the Borough is hereby authorized and directed to make the necessary changes on the maps and records of The City of New York:

The name of Hunt's Point road, from the Southern Boulevard to the bulkhead line of the East river, to be changed to and hereafter known and designated as "Hunt's Point avenue."

The name of Two Hundredth street, between Jerome avenue and the westerly line of Bronx Park (or the easterly line of the New York and Harlem Railroad), to be changed to and hereafter known and designated as "Bedford Park Boulevard."

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Bunting, Callahan, Carter, Clifford, Cronin, Davies, Dinwoodie, Dowling, Downing, Doyle, Ellery, Everson, Falk, Farrell, Freeman, Fried, Gunther, C. Hahn, J. J. Hahn, Herold, Jacobson, Kenneally, Kline, Krulish, Kuck, Lawlor, Leverett, Meyers, Moffitt, Morris, Mulligan, Olvany, O'Neill, Peters, Potter, Schloss, Schneider, Sturges, Wafer, Wentz, Wright, President Bermel, by Lawrence Gresser, Commissioner of Public Works; President Haffen and the Vice-Chairman—47.

On motion of Alderman Downing, all matters disposed of by the foregoing substitute resolutions were ordered on file.

GENERAL ORDERS.

Alderman Bunting called up General Order No. 102, being a report and resolution as follows:

No. 544.

The Committee on Salaries and Offices, to whom was referred on April 10, 1906 (Minutes, page 107), the annexed resolution in favor of fixing salary of additional grade of Principal Engineer, Department of Finance, at \$6,000 per annum, respectfully

REPORTS:

The Comptroller, and Deputy Comptroller McCooey appeared before the Committee and the Committee was informed that it is the intention to promote to this grade, if established, Mr. Chandler Withington, who has been in the employ of the City for many years, and has since the death of Engineer McLean been to all intents and purposes the Chief Engineer of the Finance Department, although without such title. He now receives \$4,000 per year. The Comptroller states in a letter, which your Committee appends and makes a part of this report, that he intends to place the entire responsibility of this branch of his office upon Mr. Withington, and that he will not make appointments to the grade of Principal Assistant Engineer at \$4,000 per annum. There are two vacancies in that grade at present and another one is anticipated. The elimination of the \$12,000 of salaries for these three positions and the increase of Mr. Withington's salary by \$2,000 will leave a net saving to the Department of \$10,000 per year. The Committee thinks that this economy should be encouraged, and believes that the efficiency of the office will be promoted by the new plan, and therefore recommends the adoption of the resolution.

Whereas, The Board of Estimate and Apportionment at a meeting held April 6, 1906, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade for one position of Principal Assistant Engineer in the Department of Finance, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of six thousand dollars (\$6,000) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of an additional grade for one position of Principal Assistant Engineer in the Department of Finance at the rate of six thousand dollars (\$6,000) per annum.

JAMES COWDEN MEYERS, LEONARD L. JACOBSON, M. D., JOHN J. CALLAHAN, JOHN J. CRONIN, CHARLES KUNTZE, ARTHUR H. MURPHY, Committee on Salaries and Offices.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Bunting, Callahan, Carter, Clifford, Cronin, Davies, Doull, Dowling, Doyle, Ellery, Everson, Falk, Farrell, Freeman, Fried, C. Hahn, J. J. Hahn, Herold, Kenneally, Kline, Kuck, Lawlor, Leverett, Meyers, Moffitt, Morris, Mulligan, Olvany, Peters, Redmond, Schneider, Sturges, Torpey, Wafer, Wentz, President Bermel, by Lawrence Gresser, Commissioner of Public Works, and the Vice-Chairman—40.

MOTIONS, ORDINANCES AND RESOLUTIONS RESUMED.

Alderman Dowling asked and obtained unanimous consent to introduce the following:

No. 648.

Whereas, In the death of Gen. Martin T. McMahon, Judge of the Court of General Sessions, the nation has lost an eminent soldier, scholar and statesman, whose long life was devoted to his country with sterling patriotism, and to The City of New York with unfaltering fidelity; therefore be it

Resolved, That we, the members of the Board of Aldermen of The City of New York, the direct representatives of the people, herein and hereby record our profound grief at the demise of Gen. Martin T. McMahon, and tender to his surviving relatives our sincere sympathy in their bereavement.

That a copy of these resolutions, suitably engrossed and duly authenticated, be transmitted to the family of the deceased.

Which was unanimously adopted by a rising vote.

Alderman Carter called up General Order No. 27, being a report and resolution, as follows:

No. 242.

The Committee on Finance, to which was referred on February 6, 1906 (Minutes, page 722), the annexed resolution to pay bill of Clasp Envelope Company, \$13.50, respectfully

REPORTS:

That, having examined the subject, they recommend that the said resolution be adopted.

Resolved, That the Comptroller be and he is hereby authorized and requested to draw a warrant in favor of the Clasp Envelope Company for the sum of thirteen dollars and fifty cents (\$13.50), the said sum to be payment in full for one thousand clasp envelopes furnished for use in the office of the Clerk of the Board of Aldermen, said sum to be charged to and paid out of the appropriation entitled "City Contingencies, 1906."

JOHN R. DAVIES, A. L. KLINE, JOHN DIEMER, THOS. J. MULLIGAN, J. E. BUNTING, JAMES W. REDMOND, JOSEPH FALK, Committee on Finance.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Bunting, Callahan, Carter, Clifford, Cole, Cronin, Davies, Dinwoodie, Doull, Dowling, Downing, Doyle, Ellery, Everson, Falk, Farrell, Freeman, Fried, C. Hahn, J. J. Hahn, Herold, Jacobson, Kline, Krulish, Kuck, Lawlor, Leverett, Meyers, Morris, Mulligan, Noonan, Olvany, O'Neill, Peters, Potter, Redmond, Richter, Schloss, Schneider, Stapleton, Sturges, Wafer, Wentz, Wright, President Cromwell, President Bermel, by Lawrence Gresser, Commissioner of Public Works, and the Vice-Chairman—50.

Alderman Carter called up General Order No. 103, being a report and resolution, as follows:

No. 585.

The Committee on Finance, to whom was referred on April 10, 1906 (Minutes, page 172), the annexed resolution in favor of paying bill of Dodd, Mead & Co. for full set of New International Encyclopaedia for use in City Clerk's office, respectfully

REPORTS:

That, having examined the subject, they recommend that the said resolution be adopted.

Resolved, That the Comptroller be and he is hereby authorized and requested to draw a warrant in favor of Dodd, Mead & Co. for one hundred and twenty dollars (\$120), the said sum to be payment in full for a set of the New International Encyclopaedia (half Russia binding) for the use of the office of the City Clerk and Clerk of the Board of Aldermen; said sum to be charged to and paid out of the appropriation entitled City Contingencies, 1906.

JOHN R. DAVIES, JAMES W. REDMOND, THOS. J. MULLIGAN, B. W. B. BROWN, A. L. KLINE, JOHN DIEMER, J. E. BUNTING, Committee on Finance.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Bunting, Callahan, Carter, Clifford, Cronin, Davies, Diemer, Dinwoodie, Doull, Dowling, Downing, Doyle, Ellery, Falk, Farrell, Freeman, Fried, Gunther, C. Hahn, J. J. Hahn, Herold, Jacobson, Kline, Krulish, Kuck, Lawlor, Leverett, Meyers, Morris, Olvany, O'Neill, Peters, Redmond, Richter, Schloss, Schneider, Stapleton, Sturges, Torpey, Wafer, Wentz, Wright, President Bermel, by Lawrence Gresser, Commissioner of Public Works; President Haffen and the Vice-Chairman—47.

Alderman Clifford called up General Order No. 97, being a report and resolution as follows:

No. 515.

The Committee on Finance, to whom was referred on April 3, 1906 (Minutes, page 76), the annexed resolution in favor of paying bill of P. W. Vallyely, \$20, for case for top of desk in City Clerk's office, respectfully

REPORTS:

That having examined the subject they recommend that the said resolution be adopted.

Resolved, That the Comptroller be and he is hereby authorized and requested to draw a warrant in favor of P. W. Vallyely for the sum of twenty dollars (\$20), the said sum to be payment in full for one 5-foot roll curtain case for use on top of desk in the office of the City Clerk and Clerk of the Board of Aldermen, said sum to be charged to and paid out of the appropriation entitled "City Contingencies, 1906."

JOHN R. DAVIES, JOSEPH FALK, J. E. BUNTING, A. L. KLINE, JAMES W. REDMOND, JOHN DIEMER, Committee on Finance.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Callahan, Carter, Clifford, Cole, Davies, Diemer, Dinwoodie, Doull, Dowling, Doyle, Ellery, Everson, Falk, Farrell, Freeman, Fried, Gunther, C. Hahn, J. J. Hahn, Herold, Jacobson, Kline, Krulish, Kuck, Lawlor, Leverett, Markert, Meyers, Moffitt, Morris, Mulligan, Noonan, Peters, Potter, Redmond, Rendt, Richter, Schloss, Schneider, Stapleton, Sturges, Torpey, Wafer, Wentz, Wright, President Cromwell, President Bermel, by Lawrence Gresser, Commissioner of Public Works; and the Vice-Chairman—51.

Alderman Cronin called up General Order No. 104, being a report and resolution, as follows:

No. 269.

The Committee on Bridges and Tunnels, to whom was referred on February 14, 1906 (Minutes, page 785), the annexed resolution in favor of abolishing tolls, except for cars, on the Brooklyn and Williamsburg Bridges, respectfully

REPORTS:

That at a public hearing held April 2, 1906, a large majority expressed themselves in favor of abolishing these tolls and that the general consensus of public opinion tends steadily in the same direction.

They therefore recommend that the said resolution be adopted.

Whereas, The New York and Brooklyn Bridge and the Williamsburg Bridge were authorized, and the former constructed and for many years maintained, as affording direction connection between the separate, independent Cities of New York and Brooklyn, which since have become one municipality, and as the result of such consolidation, these bridges have become in fact public highways, connecting the boroughs of Manhattan and Brooklyn within The City of New York; and

Whereas, It is on these two only of the many bridges under the control of the municipality that tolls for vehicles are exacted; therefore be it

Resolved, That from and after July 30, 1906, in conformity with section 508 of the Greater New York Charter, which confers upon the Board of Aldermen authority to adopt and prescribe tolls, all vehicular tolls with the exception of those charged for the

passage of railway cars shall be and the same are hereby abolished from and after that date on the New York and Brooklyn Bridge and the Williamsburg Bridge.

WM. WENTZ, JOSEPH SCHLOSS, GEORGE MARKERT, FREDERICK RICHTER, CHARLES KUNTZE, JOHN J. FARRELL, JOHN J. CRONIN, Committee on Bridges and Tunnels.

Which was recommended to the Committee on Bridges and Tunnels.

Alderman Cronin called up General Order No. 75, being a report and substitute ordinance, as follows:

No. 423.

The Committee on Laws and Legislation, to whom was referred on March 13, 1906 (Minutes, page 1032) the annexed ordinance amending section 721 of the Revised Ordinances of The City of New York of 1897, designating places at which firearms may be discharged, by adding thereto the grounds occupied by James A. Henderson on the westerly side of Pelham Bay, fifteen hundred feet southerly of the New Road Dock, respectfully

REPORTS:

That it has considered the matter, and believes that the grounds in question may properly be included among those designated in said section.

The attention of the Committee has also been called to the resolution adopted by this Board March 22, 1906 (Minutes, page 1097), permitting clay pigeon shooting on the grounds of D. J. MacLeod, known as Greenfield Park, on Coney Island avenue and Avenue L, in the Thirty-first Ward, in the Borough of Brooklyn.

In view of the fact that certain grounds named in section 721 of said Revised Ordinances, namely Jones Wood Coliseum, Lion Park, Jerome Park, Fleetwood Park, the grounds of Pilkington & Nagle at Oak Point, on the East river, and the grounds of the Metropolitan Baseball Park, corner of First avenue and One Hundred and Seventh street, are no longer used as shooting grounds, the Committee has deemed it advisable that the said section be so amended as to omit the said places from its provisions.

The Committee therefore recommends the adoption of the following substitute ordinance:

SUBSTITUTE.

AN ORDINANCE to amend Section 721 of the Revised Ordinances of The City of New York of 1897, relating to the use of firearms.

Be it Ordained, by the Board of Aldermen of The City of New York as follows:

Section 1. Section 721 of the Revised Ordinances of The City of New York of 1897, relating to the firing of firearms, hereby is amended so as to read as follows:

Sec. 721. No person shall fire off or discharge any gun, pistol, fowling piece or other firearm in The City of New York, under a penalty of ten dollars for each offense. No. 652.

By Alderman Schloss—

Whereas, Section 178 of the Sanitary Code of the Board of Health forbids spitting in the public highways, in halls of tenements, hotels and lodging houses, upon the floor of any theatre, factory or building of public character, upon the floor of any ferry boat, railroad car or other public conveyance, upon the floor of any ferry house, depot or station, or upon stations or stairs of any elevated railroad, etc.; and

Whereas, Said section provides among other things, that corporations or persons managing or controlling such buildings, stores, factories, ferry boats, ferry houses, depots, stations, station platforms or stairs of elevated railroads, etc., shall be required to provide sufficient and proper receptacles for expectoration, and further to provide for the cleansing and disinfection of said receptacles at least once every twenty-four hours; and

Whereas, It is common knowledge that said provisions of the Sanitary Code are more honored in the breach than in the observance; therefore

Resolved, That the Commissioner of Health be and he hereby is requested to inform this Board at once why arrests of those who manage or control places in which it is required there shall be provided necessary receptacles for expectoration, the absence of which unfortunately too often makes an innocent spitter a violator of law, have not been made, and what measures, if any, have been made to compel those who manage or control such places to meet the requirements of said section 178 of the Sanitary Code.

Which was adopted.

No. 653.

By Alderman Redmond—

Resolved, That the names of the following thoroughfares in the Borough of Brooklyn shall be hereafter known and designated as hereinafter set forth, and the President of the Borough is hereby authorized and directed to make the necessary changes on the maps and records of The City of New York:

The name of Degraw street, from Underhill avenue to East New York avenue, to be changed to and hereafter known and designated as "Lincoln place," and the Borough President to number and renumber the buildings thereon in such manner and to such extent as may be necessary.

The name of St. Mark's place, from Third avenue to Fifth avenue, to be changed to and hereafter known and designated as "St. Mark's avenue," and the Borough President to number and renumber the buildings thereon in such manner and to such extent as may be necessary.

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Brown, Bunting, Callahan, Carter, Cronin, Davies, Diemer, Dotzler, Doull, Dowling, Downing, Doyle, Ellery, Falk, Farrell, Freeman, Fried, J. I. Hahn, Herold, Jacobson, Kline, Krulish, Kuck, Lawlor, Meyers, Moffitt, Morris, Mulligan, Olvany, O'Neill, Peters, Redmond, Richter, Schloss, Stapleton, Wafer, Wright, President Bermel, by Lawrence Gresser, Commissioner of Public Works; and the Vice-Chairman—40.

On motion of Alderman Redmond, No. 531, being a petition for the change of name of St. Mark's place to St. Mark's avenue, Brooklyn, was ordered on file.

No. 654.

By Alderman Richter—

Resolved, That the Interborough Railway Company be and hereby is requested to add an additional stairway to the elevated railway station on the southwest corner of Fiftieth street and Ninth avenue, in the Borough of Manhattan.

Which was adopted.

No. 655.

By Alderman Morris—

Resolved, That permission be and the same is hereby given to George D. Kingston to erect and maintain a retaining wall, four feet in height, within the stoop line in front of his premises, on the west side of Marion avenue, fifty feet south of One Hundred and Ninety-eighth street, Borough of The Bronx; the work to be done at his own expense under the direction of the President of the Borough of The Bronx, such permission to continue only during the pleasure of the Board of Aldermen.

Which was adopted.

No. 656.

By the same—

Resolved, That, in pursuance of subdivision 8, section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of three hundred dollars (\$300), the proceeds whereof to be applied for the use of the Memorial Committee, G. Resolved, That the petition which appears upon the calendar as Introductory No. 398, and praying for the change of the name of Monroe avenue, in the Borough of The Bronx, be and the same is hereby placed on file, the Committee to which it was referred having been discharged from further consideration of the subject.

Which was adopted.

No. 659.

By Alderman Freeman—

Resolved, That the Committee on Streets, Highways and Sewers be requested to examine into and report to this Board with all convenient speed upon the conditions now prevailing at the Grand Circle, commonly called Columbus Circle, with reference to the safety of passengers waiting at said Circle to board north bound cars running on Broadway; south bound cars running on Eighth avenue and east bound cars running on Fifty-ninth street, Borough of Manhattan, all of which said cars pass across said Circle; and be it further

Resolved, That said committee be requested to investigate and report upon the advisability of establishing guard rails or posts or isles of safety in said Circle for the protection of such waiting passengers from the dangers arising from cabs, carriages

and automobiles carelessly driven across said Circle, and especially during the time when the posts and ropes, now used by the Police Department to regulate traffic, are removed; and be it further

Resolved, That said committee report upon whether the expense of such protecting structures should be borne by this City or by the railway companies whose cars traverse said Circle, together with such other recommendations upon this subject of protecting the public as said committee may deem advisable.

Which was adopted.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS RESUMED.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Parks, Borough of The Bronx:

No. 660.

Park Department of The Bronx, }
April 24, 1906. }

To the Honorable the Board of Aldermen:

Gentlemen—I hereby respectfully request you to authorize me, in pursuance of the provisions of section 419 of the Greater New York Charter, to purchase in open market, instead of by contract at public letting, for the official use of my department, one automobile, at an expense not to exceed \$4,000.

Respectfully,

GEORGE M. WALGROVE,

Commissioner of Parks, Borough of The Bronx.

Which was referred to the Committee on Public Letting.

Alderman Doull moved that the Board do now adjourn.

The Vice-Chairman put the question whether the Board would agree with said motion.

Which was decided in the affirmative.

And the Vice-Chairman declared that the Board stood adjourned until Tuesday, May 1, 1906, at 1.30 o'clock p. m.

P. J. SCULLY, City Clerk, and
Clerk of the Board of Aldermen.

POLICE DEPARTMENT.

New York, April 17, 1906.

The following proceedings were this day directed by Police Commissioner Theo. A. Bingham:

A. Bingham:

Ordered, That the proceedings of April 9, 1906, relative to authorizing lease of premises situated on the west side of Sherman street, south of Elm street, Glendale, L. I., as station house and stable for the Seventy-seventh Sub-Precinct, be and are hereby amended by inserting in section 8 thereof, after the words "termination of the lease," the words, "the premises to be restored by the City to its original condition, wear and tear excepted."

Whereas, In a proceeding in the Supreme Court, by writ of mandamus, brought by Sergeant Henry Metcalf against William McAdoo, as Police Commissioner, an order was entered in the office of the Clerk of Kings County directing the issuance of a peremptory writ of mandamus to restore him to duty as Sergeant of Police, which order was subsequently affirmed by the Appellate Division of the Supreme Court, and which order of affirmance was subsequently affirmed by the Court of Appeals; and

Whereas, Pursuant to opinions of the Corporation Counsel bearing date respectively April 5, 1906, and April 13, 1906, it appears that Thomas L. Druhan and Elbert O. Smith were entitled to reinstatement to the office of Inspector of Police, from which they had been removed, and they having been accordingly reinstated therein; and

Whereas, In pursuance of an opinion of the Corporation Counsel dated December 21, 1904, in the cases of Sylvester D. Baldwin and Charles L. Albertson it appears that the promotions of Dennis Sweeney and William G. Hogan to the grade of Inspector of Police on June 20, 1905, were illegal for the reason that vacancies in the position of Inspector of Police at that date did not exist in the places of the said Thomas L. Druhan and Elbert O. Smith,

Ordered, That Dennis Sweeney and William G. Hogan be and are hereby directed to resume the duties of Captain of Police respectively, out of which the Police Commissioner of that time illegally and unsuccessfully endeavored to promote them.

Ordered, That Captain Dennis Sweeney be and is hereby temporarily assigned in charge of the Sixth Inspection District, and that Captain William G. Hogan be and is hereby temporarily assigned in charge of the Second Inspection District.

Ordered, That the Municipal Civil Service Commission be and is hereby respectfully requested to furnish the Police Commissioner with an eligible list for Inspector of Police to fill one vacancy now existing.

In pursuance of a report made to his Honor, the Mayor, dated March 10, 1906, of the estimated amount of funds which should be expended during the next four or five years in the City of the Greater New York, to provide the necessary accommodations in the way of precinct station-houses, stables, etc., for the Police Department,

Ordered, That the Board of Estimate and Apportionment be and is hereby respectfully requested to authorize the issue of Corporate Stock in the sum of \$3,000,000 for the purchase of new sites for station-houses, or additional land adjoining present station-houses, and in the sum of \$8,800,000 for the erection of new station-houses, stables, etc., for old precincts and for new precincts to be established, making a total of \$11,800,000, to be apportioned in such issue per year as may be determined by the Board of Estimate and Apportionment.

Ordered, That whenever the Board of Estimate and Apportionment shall have authorized the issue of Corporate Stock in the sum of \$11,800,000 for the purposes hereinbefore stated, the Board of Aldermen be and is hereby respectfully requested to concur therein.

Ordered, That a copy of the report of the Police Commissioner to his Honor, the Mayor, dated March 10, 1906, herein referred to, be respectfully forwarded to the Board of Estimate and Apportionment and a copy to the Board of Aldermen with these proceedings.

Ordered, That the petition for pension of Nora McAuley, widow of Edward J. McAuley, deceased Sergeant, be and is hereby denied.

Referred to the Comptroller.

Vouchers 559-568, Police Station-house Alterations, etc., 1906, \$1,068.84.

Vouchers 599-653, Supplies for Police, 1906, \$6,873.81.

Vouchers 654-656, Police Station-house Rents, 1906, \$1,700.

Vouchers 657-658, Police Department Fund Sites and Buildings, \$1,939.43.

On File, Send Copy.

Report of Sergeant John McDermott, in charge of Boiler Squad, dated April 16, 1906, relative to engineers' licenses granted.

Discontinuing and Closing West One Hundred and Eighty-first Street, Between Andrews Avenue and Aqueduct Avenue.

Petition of Henry M. MacCracken, Chancellor of New York University, and reports of Chief Engineer of the Borough were read, and on motion, the following were adopted:

Whereas, A petition for discontinuing and closing a certain street described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby recommend to the Board of Estimate and Apportionment that West (East) One Hundred and Eighty-first street, from Aqueduct avenue to Andrews avenue, be discontinued and closed on the map of The City of New York, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 22d day of March, 1906.

Alderman Kuntze, Alderman O'Neill, Alderman Harnischfeger, Alderman Murphy, Alderman Morris and the President of the Borough of The Bronx voting in favor thereof.

Petition of Mrs. F. N. Dodd, Mrs. Sarah S. S. Sturges and S. Trask Sturges was read.

No one appeared in opposition.

Estimated cost, \$17,500. Assessed value of the real estate included within the probable area of assessment is \$523,500.

On motion, a resolution in favor of this improvement was unanimously adopted.

No. 531, Year 1905.

Resolution adopted September 7, 1905.

On motion, it was unanimously adopted that the Resolution No. 531, year 1905, for acquiring title to West One Hundred and Ninetieth street, extending from Exterior street to the bulkhead line of the Harlem river, be and the same is hereby rescinded.

The Secretary was directed to notify the Board of Estimate and Apportionment accordingly.

Acquiring Title to West One Hundred and Eighty-eighth Street, from Exterior Street to the Bulkhead Line of the Harlem River.

The Corporation Counsel in his letter of January 5, 1906, requested a rule map for the legal opening of West One Hundred and Ninetieth street, from Exterior street to the bulkhead line of the Harlem river, as laid out on July 14, 1905. Said map does not show West One Hundred and Ninetieth street laid out between the limits given, and I believe that it was the intention of the petitioners to open the streets running from Exterior street to the bulkhead line of the Harlem river, which are laid out in the area bounded by Exterior street, Fordham road, the Harlem river and West One Hundred and Ninety-second street. These three streets are named West One Hundred and Eighty-eighth street, West One Hundred and Eighty-ninth street and West One Hundred and Ninety-first street.

West One Hundred and Ninetieth street runs only from Harlem river terrace across the New York Central and Harlem River Railroad to Exterior street.

I recommend, therefore, that the Local Board of Morrisania rescind its action of September 7, 1905, for acquiring title to West One Hundred and Ninetieth street, between Exterior street and the bulkhead line of the Harlem river, and substitute therefor a resolution for the opening of West One Hundred and Eighty-eighth street, from Exterior street to the bulkhead line of Harlem river.

Said West One Hundred and Eighty-eighth street is shown on the map adopted by the Board of Estimate and Apportionment July 14, 1905, and there are no buildings on the land to be acquired.

Owners directed to substitute a petition for West One Hundred and Eighty-eighth street instead of West One Hundred and Ninetieth street.

Widening of East One Hundred and Seventy-fourth Street, from Southern Boulevard to the Bronx River.

Recommended in a report of the Chief Engineer, dated February 27, 1906, that the width of 60 feet for One Hundred and Seventy-fourth street be retained.

Papers filed.

Matter of amending the street system in the Borough of The Bronx by laying out new streets within the area bounded by Featherbed lane, Macomb's road, Tremont avenue and Jerome avenue.

To be advertised for meeting April 12, 1906.

Committee on congested condition of Elevated Railway facilities at One Hundred and Forty-ninth street and Third avenue.

The President of the Borough appointed on this committee Alderman Harnischfeger, Alderman Kuntze and Alderman Morris.

Committee of Gas and Electric Lighting Companies.

Alderman Harnischfeger inquired as to where the committee was to hold its meetings, and the Board recommended that the meeting room of the Local Boards in the Municipal Building, Borough of The Bronx, be used.

East side of Vyse avenue, between Jennings street and One Hundred and Seventy-second street. Alderman Morris requested that four lamps be replaced at that point. Recommended to the Department of Water Supply, Gas and Electricity.

On motion, the Board adjourned until April 12, 1906.

(Signed) HENRY A. GUMBLETON, Secretary.

DEPARTMENT OF DOCKS AND FERRIES.

ACTIONS OF THE COMMISSIONER OF DOCKS, APRIL 4, 1906.

The following communications were received, action being taken thereon as noted, to wit:

From the President of the Borough of Manhattan (67055)—Requesting consent to the transfer to his office of William Daly, John Nestor, Gerald Griffin and Thomas F. Mathewson, Laborers in this Department. Consent granted.

From the Department of Education—

1 (67024). Transmitting resolution adopted by the Board of Education on March 28, expressing thanks to the Commissioner of Docks for his action in permitting the use of the East Third street recreation pier for school purposes until the close of the present school year. Filed.

2 (67035). Stating, in response to inquiry from this Department, that it is impossible to tell at the present time whether it will require the use of the East Third street recreation pier for school purposes after the close of the present school year, as it must await the effect of the opening of the new school recently constructed in the vicinity. Notified that arrangements are now being made for music and refreshment stand privileges on the recreation piers and that positive information must be received at once in relation to the need of the pier by the Department of Education.

From the Traders Hygiene Ice Company (67045)—Requesting permission to maintain a 10-inch salt water pipe through the crib bulkhead foot of East One Hundred and Thirty-sixth street, Harlem river, and to make an opening in such bulkhead for the reception of the pipe, and inclosing consent of the adjoining private property-owners to the laying of the pipe along One Hundred and Thirty-sixth street. Privilege granted to continue until April 30, 1906, unless sooner revoked, rental to be at the rate of \$300 per annum, payable quarterly in advance to the Cashier, the work to be done under the supervision of the Engineer-in-Chief.

From Anthony Lynch (67099)—Requesting permission to maintain a float on the north side of Pier 42, North river. Privilege granted to continue until April 30, 1906, unless sooner revoked, rental to be at the rate of \$6 per month, payable monthly in advance to the Dockmaster of the district.

From Joseph Martin (66975)—Requesting permission to maintain a portable stand for the sale of newspapers at Pier 10, North river, outside the New Jersey Central Railroad Company's Sandy Hook route. Privilege granted to continue until April 30, 1906, unless sooner revoked, rental to be at the rate of \$2 per month, payable monthly in advance to the Dockmaster.

From James E. Ward & Co., agents for the New York and Cuba Mail Steamship Company (66958)—Asking that as the bulkheads in front of and adjacent to Pier 14, East river, are not completed, a proportionate reduction be made in the rental pending the completion of the bulkheads. Rental for Pier 14, East river, beginning April 1, 1906, fixed at the rate of \$27,600 per annum, payable quarterly in advance to the Cashier.

From William P. Rae (66950)—Requesting permission to build a sheet pile bulkhead extending easterly from a point near the foot of Beach Fiftieth street, Sea Gate, Coney Island, Borough of Brooklyn. Permit granted, the work to be done under the supervision of the Engineer-in-Chief, in accordance with plans submitted.

From the Brooklyn Improvement Company (67096)—Requesting permission to make repairs to the crib bulkhead on the northeasterly corner of the Sixth street basin and Gowanus canal, Borough of Brooklyn. Permit granted, the work to be done under the supervision of the Engineer-in-Chief, in accordance with plans submitted and to be kept within existing lines.

From the Lehigh Valley Railroad Company (67031)—Requesting permission to erect a temporary office inside the pier shed on Pier 56, North river. Permit granted, the work to be done under the supervision of the Engineer-in-Chief, upon the condition that the structure shall be sheathed with metal and that a plan showing the location, etc., be first submitted to and approved by this Department.

From the Snare & Triest Company—

1 (67061). Acknowledging receipt of authorization from this Department to replace brick backing of the masonry piers with concrete backing at the Staten Island terminal of the Municipal Ferry at St. George, Borough of Richmond, under Contract No. 942, and agreeing to a deduction of \$2,000 from the contract price on account of the change. Filed.

2 (67062). Acknowledging receipt of authorization from this Department for the installation of fire stops of concrete in the Staten Island terminal of the Municipal Ferry at St. George, Borough of Richmond, under Contract No. 942, for which an extra compensation of \$2,000 is to be allowed. Filed.

From the Waterfront Contracting and Lighterage Company (66983)—Requesting berth for barge at any pier south of Market street, East river, or Canal street, North river. Notified that berths can be obtained upon proper notification to the Dockmaster at any time.

From the New York and Long Island Railroad Company (William Barclay Parsons, Vice-President) (67039)—Requesting permission to deposit material, excavated at the tunnel now building between Forty-second street, East river, and Long Island City, along the southerly extremity of Blackwell's Island. Notified that owing to the strong current it is considered impracticable to place filling as suggested.

From James A. Deering (67051)—Acknowledging receipt of communication from this Department relative to the adjustment of the controversy between the City and the New York Contracting and Trucking Company affecting the West Seventy-ninth street pier. Filed.

From the Engineer-in-Chief—

1 (67089). Recommending the issuance of an order for the necessary repairs to the pier at the foot of Twenty-eighth street, East river. Engineer-in-Chief directed to repair as recommended.

2 (67090). Recommending that permission be granted the Department of Street Cleaning to fill in an additional 100 feet to the eastward of Pier (new) 17, East river, or to about the westerly line of Pier (new) 18. Permit granted to the Department of Street Cleaning to do the filling as recommended.

3 (67091). Recommending the issuance of an order for the necessary dredging along the easterly side of Pier (new) 36, East river. Engineer-in-Chief directed to order dredging as per recommendation.

4 (67092). Recommending the issuance of an order for the necessary dredging along the easterly side of Pier (new) 33, East river. Engineer-in-Chief directed to order dredging as recommended.

5 (67093). Recommending issuance of an order authorizing repairs to the various piers and bulkheads of the Department along the North river, when necessary, at a cost not to exceed \$1,000. Engineer-in-Chief directed to make the repairs as recommended.

6 (67094). Recommending the issuance of an order for the making of the necessary repairs to the bulkhead platform at the foot of Sixty-fourth street, East river. Engineer-in-Chief directed to make the repairs as recommended.

From the Superintendent of Docks (67097). Reporting that the New York Contracting and Trucking Company removed all of its dumping board timber from the West Thirty-fifth street pier on March 31 and that the pier will be entirely cleared by April 4. Filed.

Rental for Pier (new) 10, East river, in view of the fact that the lessees, the New York and Baltimore Transportation Line, cannot have the full use of the easterly side of the pier owing to the close proximity of Pier (old) 13, was fixed at the rate of \$20,000 per annum, the rental to commence April 1 and to remain in force until the removal of Pier (old) 13, when the full rental for Pier (new) 10 will be charged under the lease.

The Corporation Counsel was requested to advise whether the Department can employ an expert to examine title of water front properties, the ownership of which is now in doubt.

The following additional communication was received, action being taken thereon as noted:

From the Engineer-in-Chief (66402)—Reporting the completion of approach to Pier 18, East river, and stating that the portions of the pier to be occupied by the Fulton Market Fishmongers' Association and the New York Wholesale Fish Dealers' Association are ready for occupation. A letter (66625) received from the New York

Wholesale Fish Dealers' Association, to the effect that it will be impossible to enter into occupation of the space on Pier 18 until such time as it can also take possession of the bulkhead and platform to be built between Piers 18 and 19, East river, was placed on file and the Fulton Market Fishmongers' Association was notified that pending the completion of the improvement a distribution of the rental fixed under the lease would be \$10,000 per annum for Pier 17, \$4,000 per annum for the westerly side of Pier 18, \$10,000 per annum for the bulkhead, etc., between Piers 17 and 18, and \$9,000 per annum for the bulkhead, etc., between Piers 18 and 19, and that according to this distribution the rental, beginning April 1, 1906, and continuing until the Association comes into possession of the entire leased property and vacates and surrenders to the City the property occupied between Piers 18 and 19, East river, will be at the rate of \$23,000 per annum.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

SALE OF FREIGHT SHED ON PIER (old) 20, East river, at the foot of Burling slip, Borough of Manhattan, to be sold by order of the Commissioners of the Sinking Fund on Thursday, May 3, 1906, at 11 a. m. on the premises.

SALE OF SHED. The Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan, will sell at public auction, on behalf of the Commissioners of the Sinking Fund, on

THURSDAY, MAY 3, 1906, commencing at 11 a. m., on the premises, the freight shed as it stands on Pier (old) 20, East river, at the foot of Burling slip, Borough of Manhattan, of the following approximate dimensions, and composed of the principal parts or items as enumerated below, all in good condition.

The shed is a single story structure, about 390 feet long and about 40 feet wide. Its centre height from the deck of the pier is about 26 feet. The entire shed covers an area of about 15,600 square feet. The posts, studs, purlins, trusses and bracing composing the framing of the shed are of structural steel and wood. The sides of the building not taken up by doors are covered with galvanized corrugated steel and partly with boards. The roof is partly covered with roofing, tar and gravel on boards and galvanized iron (corrugated) which rest on wooden purlins.

The following are the principal parts or items composing the shed on Pier (old) 20, East river, which is hereby offered for sale:

All the trusses, columns, studs, purlins, bracing, corrugated steel sliding doors, wooden sliding doors, corrugated steel sheeting and wooden boarding composing sides and end of shed, steel frames and all the material of every description comprising the shed proper on Pier (old) 20, East river, down to the level of the decking of the pier, excepting the backing log and any portion or portions of the pier proper which may be above the level of said decking of the pier.

TERMS OF SALE.

The above-described shed will be sold for a sum in gross.

The items enumerated in the previous description are believed to be approximately correct; however, bidders must satisfy themselves as to quantity, quality and condition of the material composing the shed to be sold when making their bids, and the Commissioners will not make any allowance from the purchase money for any deviation from the above description.

The removal of the above-described shed shall be begun by the purchaser within three (3) days from the date of receipt of notification from the Commissioner of Docks to begin work.

All the parts of this shed and the materials composing them are to be torn down to the level of the docking of the pier and entirely removed within thirty (30) days after the receipt of said notice to begin work. If the purchaser fails to begin the said removal as specified and diligently to prosecute the same with a sufficient force and to complete same within the time specified, the money paid on the day of the sale will be forfeited and all claims of ownership in said materials is waived by the purchaser; then the Commissioners may, at their option, complete the said removal and charge the expense of the same to said purchaser, who shall sign the present terms of sale and agree to be bound thereby.

The work of removing the materials composing the various buildings herein enumerated shall be carried on in such manner and at such times as may be directed by the Commissioner of Docks. The work of removal may be suspended and shall not be resumed until written notice is given by said Commissioner of Docks so to do. The time elapsed during such suspension shall not be counted against the purchaser, but a like number of days will be given him which may have elapsed during such suspension.

For the further securing of the removal of the said materials, etc., hereinbefore mentioned, the purchaser will be required at the time of sale and the award of said property to him, to execute a bond in such form and with such securities as may be approved by the Commissioners of the Sinking Fund of The City of New York, and in a penalty of Five Hundred Dollars (\$500) that he will in all things carry out the terms of sale and comply with the conditions thereof, and remove all of said property within the time required by the said terms of sale.

The form of bond to be executed by the purchaser may be seen at the office of the Secretary of the Commissioners of the Sinking Fund, Room No. 12, Stewart Building, No. 280 Broadway, Borough of Manhattan.

It being the purpose of The City of New York to proceed with the improvement of the water front adjacent to Pier (old) 20, East river, and the premises immediately adjacent thereto, it is hereby stipulated and agreed that the purchaser of the materials composing the shed on Pier (old) 20 will make no claim or demand that he has been interfered with or hampered in the prosecution of the work of removal by virtue of the operations of the City.

The purchaser further stipulates and agrees that he will make no claim for damage, nor will it affect the bond furnished by him for the faithful performance of the work, in the event of any portion of the premises from and after the date set for the removal of the materials composing said shed.

The purchaser further stipulates and agrees that he will permit no material of any description composing said shed to go adrift or deposit same in the waters adjacent to said pier, and that he will conform in every way to the laws relative to the depositing of materials or permitting same to go adrift as established by the United States Government, the State and City authorities.

The materials to be sold will be those only which comprise the shed and are on the premises at the time of sale, and the purchaser must immediately take the necessary and proper precautions to protect same.

Terms of sale to be cash, to be paid at the time of sale.

PUBLIC NOTICE.

CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE.

To Whom It May Concern:

On May 9, 1904, chapter 686 of the Laws of 1904, "An act to authorize the Comptroller and the Corporation Counsel of The City of New York, on behalf of said City, to compromise and settle with property owners interested, certain claims for taxes, assessments and sales for the same, and for or on account of evidences of indebtedness issued on account of local improvements in the territory formerly included within the boundaries of Long Island City," became a law.

The purpose of this act was to grant relief to the owners of property located within the territory of the former City of Long Island City, which property had become incumbered with liens approaching, in many cases, almost the assessed value of the property. Owing to the phenomenal increase in values of real estate in the Borough of Queens during the past year, the object for which said act was passed has ceased to exist.

Notice is therefore given that on and after May 15, 1906, the Comptroller of the City of New York will refuse to consider applications filed under chapter 686 of the Laws of 1904.

All applications filed after May 15, 1906, will be rejected.

DEPARTMENT OF DOCKS AND FERRIES.

FILLING-IN PRIVILEGE.

DEPARTMENT OF DOCKS AND FERRIES, FOOT OF BATTERY PLACE, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Docks at Pier "A," foot of Battery place, in The City of New York, until 12 o'clock noon on

MONDAY, APRIL 30, 1906,

FOR THE RIGHT TO DUMP AND FILL IN BEHIND THE BULKHEAD WALL RECENTLY BUILT OR TO BE BUILT ON THE MAIDEN LANE SECTION AND ON PART OF THE FULTON SECTION, ON THE EAST RIVER, BOROUGH OF MANHATTAN.

TERMS AND CONDITIONS OF SALE.

The work to be done is to fill in with suitable material, as hereinafter described, the area behind the new bulkhead wall extending from a line at right angles to the bulkhead wall and distant about 57 feet easterly from the east side of Pier, new 13, East river, easterly a distance of about 575 feet to the line of earth filling distant about 82 feet easterly from the east side of Pier, new 15, East river, and also extending from the rear of the bulkhead wall, when it is completed, inshore a distance of from about 35 feet to 55 feet to the old crib bulkhead running along the southerly side of South street. The exact limits of the basin to be filled under this agreement may be seen on a map at Pier "A," together with the soundings and other data used, said map being a part of this agreement.

The filling shall be brought to a grade level with the top of the coping of the bulkhead wall and shall extend inshore on a regular grade to the level of the street adjacent.

It is estimated that the area outlining the above-described limits will create a basin to be filled in, under this agreement, whose cubical contents in net void space is equal to about 14,000 cubic yards.

Bidders will state in writing a lump sum price, which they agree to pay for the privilege of filling in the void space behind the bulkhead wall, built or to be built at the Maiden lane section, on the East river, Borough of Manhattan.

In the estimated amount given, the amount in cubic yards is arrived at without placing any allowance for shrinkage, settlement, swelling of the material or penetration into the mud.

The Department is not bound in any way by such estimate, and bidders must satisfy themselves of the actual quantity required to fill in the above-described area by examination of the premises or such other means as they may prefer, the intention of the Department being to fill in the whole of the said premises behind the bulkhead wall within the above-described limits, and no allowance will be made to the purchaser from the purchase price on account of any discrepancy which may be found between the above-estimated quantity and the actual amount of filling required. The purchaser will be required to place the filling in accordance with the following specifications:

All the filling shall, unless otherwise directed, be placed directly in the rear of the bulkhead wall and carried from the bulkhead wall toward the shore until the bank of same has been carried out at the finished grade for a distance of about 30 feet from the face of the bulkhead wall, at which time, if so directed by the Engineer, the filling shall be started at the bank and carried outshore toward the bulkhead wall or close row of piles.

All material must be dumped and filled in only in such manner, at such points and in such order of procedure and at such times and seasons as may, from time to time, be directed, and the work of filling in may be entirely suspended for such periods of time as may be directed by the Engineer. The purchaser shall have no claim for damage or for any allowance from the purchase money on account of such suspension of the work.

All directions shall be given by the Engineer, and wherever the word "Engineer" is used in these specifications it refers to and designates the Engineer-in-Chief of the Department of Docks and Ferries, or such officer or employee as may be designated by him.

Rip-rap stone coming directly on or against the bulkhead wall must be deposited carefully in such manner as will not injure the same.

All the filling, except as otherwise specified herein, shall be of ashes, cellar dirt, broken stone, etc., entirely free from garbage or any organic matter objectionable in the opinion of the Engineer.

At any section of the bulkhead wall the filling shall be brought up level with the under side of the backing log of the bulkhead wall at such section, and no higher, unless otherwise directed.

The filling shall be commenced within five days after the date of the receipt of a notification from the Engineer that the work, or any part of it, is ready to be begun. The Department reserves the right of ordering the Contractor to deposit not less than 100 cubic yards per day, as directed by the Engineer, and the whole amount of the filling called for to bring the above-described basin up to grade shall be completed within 140 calendar days from the date of the receipt of said notification. At the expiration of this time this agreement shall be considered closed unless a further extension of time shall be given by the Commissioner of Docks. If at any time during the progress of the work it shall be deemed necessary to order the suspension of the whole or any part of the filling, the time for completing said filling shall be extended as much as it may have been delayed by such suspension.

In case the purchaser at any time does not proceed with the work of filling in to the satisfaction of the Commissioner of Docks, the said Commissioner will at once terminate the privilege of filling in and proceed to have the remainder of the filling in done by other parties in such way and manner as he deems proper, and any loss which may result therefrom shall be charged against the principal and his surety.

The purchaser shall, during the work of filling in, and at all times until the completion thereof, take all necessary precautions and place proper guards for the prevention of accidents, and put up and maintain at night sufficient lights, and he shall indemnify and save harmless The City of New York from all damages and costs to which it may be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work or guarding the same, to which the surety is also bound.

No bid or estimate will be considered unless accompanied by a certified check drawn to the order of the Commissioner of Docks, or money to the amount of twenty-five per centum of the amount of the bid, which amount shall be applied in the case of the successful bidder to the first one-quarter of the amount of the filling to be deposited; twenty-five per centum to be paid when the first one-quarter of filling has been completed; twenty-five per centum additional when one-half the filling has been completed, and the balance,

twenty-five per centum, when three-quarters of said filling has been completed.

A surety or guarantee company, duly authorized by law to act as surety, to be approved by the Commissioner of Docks, will be required to enter into a bond or obligation jointly and severally with the purchaser in the sum of double the amount of the purchase price as security for the satisfactory performance of said work, in accordance with the terms and conditions hereof.

MONDAY, APRIL 30, 1906,

FOR THE RIGHT TO DUMP AND FILL IN BEHIND THE BULKHEAD WALL RECENTLY BUILT OR TO BE BUILT ON THE WESTERLY PART OF THE OLD SLIP SECTION ON THE EAST RIVER, BOROUGH OF MANHATTAN.

TERMS AND CONDITIONS OF SALE. The work to be done is to fill in with suitable material, as hereinafter described, the area behind the new bulkhead wall extending from about the easterly side of Pier, new 7, East river, easterly a distance of about 554 feet to the westerly side of Pier, new 10, East river, and extending from the rear of the bulkhead wall, when it is completed, inshore a distance of from about 28 feet to 55 feet to the old crib bulkhead running along the southerly side of South street.

The exact limits of the basin to be filled under this agreement may be seen on a map at Pier "A," together with the soundings and other data used, the said map being a part of this agreement. The filling will be brought to a grade level with the top of the coping of the bulkhead wall and will extend inshore on a regular grade to the level of the street adjacent.

It is estimated that the area outlining the above-described limits will create a basin to be filled in, under this agreement, whose cubical contents in net void space is equal to about 17,000 cubic yards.

Bidders will state in writing a lump sum price, which they agree to pay for the privilege of filling in the void space behind the bulkhead wall, built or to be built on the westerly part of the old slip section, as described above, and as appears in detail on the map at Pier "A," and which becomes a part of the contract or agreement.

In the estimated amount given, the amount in cubic yards is arrived at without placing any allowance for shrinkage, settlement, swelling of the material or penetration into the mud.

The Department is not bound in any way by such estimate, and bidders must satisfy themselves of the actual quantity required to fill in the above-described area by examination of the premises or such other means as they may prefer, the intention of the Department being to fill in the whole of the said premises behind the bulkhead wall within the above-described limits, and no allowance will be made to the purchaser from the purchase price on account of any discrepancy which may be found between the above-estimated quantity and the actual amount of filling required. The purchaser will be required to place the filling in accordance with the following specifications:

All the filling shall, unless otherwise directed, be placed directly in the rear of the bulkhead wall and carried from the bulkhead wall toward the shore until the bank of same has been carried out at the finished grade for a distance of about 30 feet from the face of the bulkhead wall, at which time, if so directed by the Engineer, the filling shall be started at the bank and carried outshore toward the bulkhead wall or close row of piles.

The purchaser shall have no claim for damage or for any allowance from the purchase money on account of such suspension of the work.

All directions shall be given by the Engineer, and wherever the word "Engineer" is used in these specifications it refers to and designates the Engineer-in-Chief of the Department of Docks and Ferries, or such officer or employee as may be designated by him.

Rip-rap stone coming directly on or against the bulkhead wall must be deposited carefully in such manner as will not injure the same.

All the filling, except as otherwise specified herein, shall be of ashes, cellar dirt, broken stone, etc., entirely free from garbage or any organic matter objectionable in the opinion of the Engineer.

At any section of the bulkhead wall the filling shall be brought up level with the under side of the backing log of the bulkhead wall at such section, and no higher, unless otherwise directed.

The filling shall be commenced within five days after the date of the receipt of a notification from the Engineer that the work, or any part of it, is ready to be begun. The Department reserves the right of ordering the Contractor to deposit not less than 100 cubic yards per day, as directed by the Engineer, and the whole amount of the filling called for to bring the above-described basin up to grade shall be completed within one hundred and seventy calendar days from the date of the receipt of said notification. At the expiration of this time this agreement shall be considered closed unless a further extension of time shall be given by the Commissioner of Docks. If at any time during the progress of the work it shall be deemed necessary to order the suspension of the whole or any part of the filling, the time for completing said filling shall be extended as much as it may have been delayed by such suspension.

In case the purchaser at any time does not proceed with the work of filling in to the satisfaction of the Commissioner of Docks, the said Commissioner will at once terminate the privilege of filling in and proceed to have the remainder of the filling in done by other parties in such way and manner as he deems proper, and any loss which may result therefrom shall be charged against the principal and his surety.

The purchaser shall, during the work of filling in, and at all times until the completion thereof, take all necessary precautions and place proper guards for the prevention of accidents, and put up and maintain at night sufficient lights, and he shall indemnify and save harmless The City of New York from all damages and costs to which it may be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work or guarding the same, to which the surety is also bound.

No bid or estimate will be considered unless accompanied by a certified check drawn to the order of the Commissioner of Docks, or money to the amount of twenty-five per centum of the amount of the bid, which amount shall be applied in the case of the successful bidder to the first one-quarter of the amount of the filling to be deposited; twenty-five per centum to be paid when the first one-quarter of filling has been completed; twenty-five per centum additional when one-half the filling has been completed, and the balance, twenty-five per centum, when three-quarters of said filling has been completed.

A surety or guarantee company, duly authorized by law to act as surety, to be approved by the Commissioner of Docks, will be required to enter into a bond or obligation jointly and severally with the purchaser in the sum of double the amount of the purchase price as security for the satisfactory performance of said work, in accordance with the terms and conditions hereof.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held March 30, 1906, the following petition was received:

To the Honorable, the Board of Estimate and Apportionment:
The petition of the Williams Terminal Railway Company respectfully shows:
1. That your petitioner is a street surface railway corporation organized and existing under the laws of the State of New York, having filed its certificate of incorporation in the office of the Secretary of State of New York on the 29th day of July, 1905, for the purpose of constructing, maintaining and operating a street surface railway in the Borough of Brooklyn, City of New York.

2. That your petitioner desires to obtain from the Board of Estimate and Apportionment of The City of New York its consent to and a grant of the right, privileges and franchise to use a portion of Bowne street, in the Borough of Brooklyn, City of New York, for street railway purposes, and for the construction, maintenance and operation of a single track street surface railway upon and along the surface of said Bowne street, a description of such proposed railway being as follows: Beginning at a point southeast of Imlay street, where it will connect with the track of the New York Dock Company and running southeasterly along Bowne street to and into the property of J. H. Williams & Co., on the easterly side of Richards street, the entire length of said road not to exceed nine hundred feet, together with the necessary connections, switches, sidings, turn-outs, turn-tables, cross-overs and suitable stands necessary for the accommodation and operation of the said railroad by the overhead system of electricity, or other power lawfully employed by connecting railroads, all in the Borough of Brooklyn, City and State of New York.

3. Your petitioner further shows that there is no adequate means of transportation provided between the termini of the proposed railroad, and your petitioner believes there is a public demand for the construction and operation of this proposed railroad, and that such construction and operation will be a public convenience and benefit, the said railroad to be used for freight only.

Wherefore, your petitioner prays that the notice of the time and place when and where this application will be first considered be given, pursuant to provisions of section 92 of the Railroad Law, and all other laws applicable thereto, and that consent or grant be given in the form of an ordinance subject to the laws and ordinances applicable thereto, and upon terms and conditions to be fixed in accordance with the provisions of the Greater New York Charter.

THE WILLIAMS TERMINAL RAILWAY COMPANY,
By JAMES H. WILLIAMS,
Vice-President.

Dated City of New York, Borough of Brooklyn, February 23, 1906.
State of New York, County of Kings, ss.:
James H. Williams, being duly sworn, deposes and says that he is the vice-president of the Williams Terminal Railway Company, the petitioner named in the foregoing petition; that he has read the foregoing petition and knows the contents thereof; that the same is true of his own knowledge except as to the matters therein stated to be alleged on information and belief, and as to those matters he believes it to be true.

JAMES H. WILLIAMS.

Sworn to before me this 23d day of February, 1906.

A. Y. BRITTON, Notary Public, Westchester County.

Certificate filed in Kings County.
And the following resolutions were thereupon adopted:

Whereas, The foregoing petition from the Williams Terminal Railway Company, dated February 23, 1906, was presented to the Board of Estimate and Apportionment at a meeting held March 30, 1906.
Resolved, That, in pursuance of law, this Board sets Friday, the 27th day of April, 1906, at 10.30 o'clock in the forenoon and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least fourteen (14) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the CITY RECORD immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

JOSEPH HAAG,
Secretary.

In the matter of the application of the Board of Street Opening and Improvement of the City of New York for and on behalf of the Mayor, Aldermen and Commonalty of the City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to EDGECOMBE ROAD (although not yet named by proper authority), from One Hundred and Fifty-fifth street to a point in the easterly line of Tenth avenue opposite One Hundred and Seventy-fifth street, in the Twelfth Ward of the City of New York, as the same has been heretofore laid out and designated as a first-class street or road by said Board.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That in accordance with the order of the Special Term of the Supreme Court of the State of New York, First Department, dated November 19, 1901, and entered in the office of the Clerk of the County of New York on the 9th day of December, 1901, and affirmed by the Appellate Division of said Court on the 23d day of September, 1905, returning the report of the former Commissioners in this proceeding for amendment and correction with reference to Damage Parcels Nos. 12, 13, 14, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 36A, 36B, 37, 38, 39, 40, 42, 42A, 43, 44, 45, 46, 47, 48, 49, 50, 51, 51A, 51B, 51C and 52, and also in so far as relates to the assessments for benefit, we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 14th day of May, 1906, and that we the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at our said office on the 16th day of May, 1906, at 4 o'clock p. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of the City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 24th day of May, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on a line drawn parallel to One Hundred and Eighty-first street distant 100 feet northerly from the northerly side thereof, and distant also 100 feet westerly from the westerly side of Audubon avenue; thence easterly along said line drawn parallel to One Hundred and Eighty-first street to a line drawn parallel to Amsterdam avenue and distant 100 feet easterly from the easterly side thereof; thence southerly along said line drawn parallel to Amsterdam avenue to the southerly exterior line of the reservoir; thence easterly along the southerly exterior line of the reservoir and said line produced to the easterly side of the Croton Aqueduct; thence southerly along the easterly side of the Croton Aqueduct to the prolongation easterly of the centre line of One Hundred and Fifty-eighth street; thence easterly along said prolongation to the centre line of the Harlem River driveway; thence southerly along said centre line of the Harlem River driveway to the centre line of Edgecombe avenue; thence southerly along said centre line of Edgecombe avenue to the northerly side of One Hundred and Forty-fifth street; thence westerly along said northerly side of One Hundred and Forty-fifth street to a line drawn parallel to Avenue St. Nicholas and distant 100 feet westerly from the westerly side thereof; thence northerly along said line to the centre line of One Hundred and Fifty-eighth street; thence northerly along the middle line of the blocks between Avenue St. Nicholas and Amsterdam avenue to the middle line of the blocks between One Hundred and Sixtieth street and One Hundred and Sixty-first street; thence westerly along the middle line of the blocks between One Hundred and Sixtieth street and One Hundred and Sixty-first street to a line drawn parallel to Amsterdam avenue and distant 100 feet westerly from the westerly side thereof; thence northerly along said line to the point or place of beginning, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a

Special Term thereof, Part III, to be held in the County Court House in the Borough of Manhattan, in the City of New York, on the 29th day of June, 1906, at the opening of the Court on that day.

NOTICE IS HEREBY GIVEN THAT THE bill of costs, charges and expenses incurred by reason of the proceedings in the above-entitled matter will be presented for taxation to one of the Justices of the Supreme Court of the State of New York, Second Department, at a Special Term thereof, to be held for the hearing of motions at the County Court House in the Borough of Brooklyn, in The City of New York, on the 4th day of May, 1906, at 10.30 o'clock in forenoon of that day, or as soon thereafter as counsel can be heard thereon; and that the said bill of costs, charges and expenses has been deposited in the office of the Clerk of the County of Richmond, there to remain for and during the space of ten days, as required by the provisions of the Greater New York Charter, as amended by chapter 466 of the Laws of 1901.

Dated BOROUGH OF MANHATTAN, NEW YORK, April 20, 1906.

DAVID B. VAN NAME, WILLIAM J. WELSH, WILLIAM A. GALLOWAY, Commissioners.

JOHN P. DUNN, Clerk. a20,m1

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title to EAST THIRTY-FOURTH STREET, from Clarkson Street to Church Avenue, in the Twenty-ninth Ward, in the Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court made and entered herein on the 6th day of July, 1905, and duly filed in the office of the Clerk of Kings County, a copy of which order was filed in the office of the Register of the County of Kings on the 19th day of July, 1905, and indexed in the Index of Conveyances in Section 15, Blocks 4838, 4839, 4854, 4855, 4870 and 4871, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate of the loss or damage, if any, to the respective owners, lessees, parties and persons entitled to or interested in the lands and premises to be taken for

the purpose of opening the said street or avenue, as particularly described in the petition of The City of New York, filed with said order in the office of the Clerk of Kings County, and for the purpose of making a just and equitable assessment of the benefit of said street or avenue so to be opened, to the respective owners, parties and persons respectively entitled to or interested in the lands and premises and not required for the purpose of opening said street or avenue, but benefited thereby, and of ascertaining and defining the district benefited by said assessment, and the extent and boundaries of the respective tracts and parcels of land participating in said benefit, and of performing the trusts and duties required of us by title 4 of chapter 17 of the Charter of The City of New York, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the lands and premises taken or to be taken for the purpose of opening said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office in the Bureau of Street Openings of the Law Department, No. 166 Montague Street, Borough of Brooklyn, in The City of New York, with such affidavits or other proofs as the said owner or claimants may desire, within twenty days after date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 16th day of May, 1906, at 11 o'clock in the forenoon of that day to hear the said parties and persons in relation thereto; and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine proofs of such claimant or claimants or such additional proofs and allegations as may then be offered by such owner or on behalf of The City of New York.

Dated BOROUGH OF BROOKLYN, THE CITY OF NEW YORK, April 23, 1906.

THOMAS H. TROY, THOMAS M. NOLAN, MATTHEW V. O'MALLEY, Commissioners.

JAMES F. QUIGLEY, Clerk. a23,m15

SECOND DEPARTMENT.

In matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of BRONX BOULEVARD (although not yet named by proper authority), from Old Boston Post road to East Two Hundred and Forty-second Street (Demilt Avenue), in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by orders of the Supreme Court, bearing date the 21st day of February, 1906, and duly entered in the office of the Clerk of the County of New York at his office in the Borough of Manhattan, in The City of New York, on the 14th day of March, 1906; in the office of the Clerk of the County of Kings at his office in the Borough of Brooklyn on the 14th day of March, 1906, and in the office of the Clerk of the County of Westchester at his office at White Plains on the 12th day of March, 1906, a copy of which order was duly filed in the office of the Register of the County of New York, and indexed in the Index of Conveyances, Annexed Territory, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate and assessment of the loss and damage, if any, or of the benefit and advantage, if any, as the case may be, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 14th day of March, 1906; in the office of the Clerk of the County of Kings on the 14th day of March, 1906, and in the office of the Clerk of the County of Westchester on the 12th day of March, 1906, and a just and equitable estimate and assessment of the value of the benefit and advantage of said street or avenue so to be opened or laid out and formed, to the respective owners, lessees, parties and persons respectively entitled to or interested in the said respective lands, tenements, hereditaments and premises not required for the purpose of opening, laying out and forming the same, but benefited thereby, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening the said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, fourteenth floor, Nos. 90 and 92 West Broadway, Borough of Manhattan, in The City of New York, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 7th day of May, 1906, at 3 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated BOROUGH OF MANHATTAN, NEW YORK CITY, April 10, 1906.

JAMES A. DONNELLY, S. DUNCAN MARSHALL, MICHAEL E. DEVLIN, Commissioners.

JOHN P. DUNN, Clerk. a10,m3

SECOND DEPARTMENT.

In the matter of acquiring title by The City of New York to certain lands and premises situated in the block bounded by ANDERSON STREET, CLARE STREET, CLIFTON AVENUE AND PENNSYLVANIA AVENUE, in the Borough of Richmond, The City of New York, duly selected as a site for school purposes, according to law.

NOTICE IS HEREBY GIVEN THAT THE report of William Allaire Short, John J. McCormack and William J. Corey, Commission-

ers of Estimate and Appraisal, duly appointed in the above-entitled proceeding, which report bears date the 4th day of April, 1906, was filed in the office of the Board of Education of The City of New York on the 18th day of April, 1906, and a duplicate of said report was filed in the office of the Clerk of the County of New York on the same day.

Notice is further given that the said report will be presented for confirmation to the Supreme Court of the State of New York, in the Second Judicial District, at Special Term for the hearing of motions, to be held at the County Court House, in the Borough of Brooklyn, in The City of New York, on the 8th day of May, 1906, at the opening of the Court on that day, and that then and there, or as soon thereafter as counsel can be heard thereon, a motion will be made that the said report be confirmed.

Dated New York, April 18, 1906.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
